- 2.III. Berlin – History & Highlights Of A Fascinating City

The Waterford Library will be presenting "Berlin - The History and Highlights of a Fascinating City" on Thursday, September 16, 2021, at 6:30 p.m., in the community room. With 82 million inhabitants, Germany is the most populous state in the European Union and, after the United States, the most popular immigrant destination in the world. 40% of Americans claim German heritage. Berlin has been Germany's capital city twice. The country's largest metropolis first became the capital in 1871 when the German states unified to become the German Empire. Following German reunification in 1990, the German parliament voted to move its capital city from Bonn back to reunited Berlin, which has now resurfaced bigger, better, and culturally

stronger than ever before.
