3. Awards & Presentations

3.1 Adam Stephens – “Free Little Libraries” Presentation

Supervisor Wall read the following letter from Waterford Resident, Ragina Jackson.

My neighbor, Adam Stephens tirelessly puts his time, efforts, resources and heart into making Waterford a better community on a daily basis. He has put up multiple “Free Little Libraries” throughout the township, he plants flowers around the park signs at Rotary Park just to make it look better. During this COVID19 Pandemic he has placed sheets full of books on his lawn and advertised on FB free for anyone who wants them – just to keep the community reading. I work from home and have witnessed several cars coming by and taking books so what he is doing is working and the little library that is in front of his home is constantly busy. He also has placed pantry items in and around (in bins) the free little libraries and encouraged others to donate what they can to help those in need.

Much of this is done out of his own pockets, which are not full by any means. He is a younger man and to see him care about the community and the people is something that is refreshing and necessary.

Supervisor Wall thanked Ms. Jackson for sending the e-mail to recognize Mr. Stephens for his contributions to the community.

Supervisor Wall thanked Mr. Stephens for his contributions to the community and they look really nice. Mr. Stephens stated that he just added his 6th Little Library. He’s currently working with Girl Scout Troops to earn a badge and place more Little Libraries.

The Board thanked Mr. Stephens for his hard work.

WATERFORD TOWNSHIP PUBLIC LIBRARY

Director's Report – March/April 2020

NOTE: Report includes March and April data.

FROM THE DIRECTOR

The past weeks have been an interesting exercise in operating on the fly. The weekend of March 14/15 I was here with the staff as we tried to sanitize all the areas that our patrons had visited each day. A rough estimate of 264 surfaces, not including the collection, was what I came up with for a single go-round. At three times/day at minimum we were looking at 792 surfaces plus the staff time which was about 30 minutes each round with several staff members working in several different areas of the building. Compounding this challenge was the fact that we could not get enough cleaning supplies or gloves to protect the staff doing the work. Taking into account my report of how unsustainable this process was as well as the calls and email messages from residents expressing their concern about the health and safety of patrons visiting the library, Supervisor Wall closed the library at 8:30a Monday, March 16 until further notice. That afternoon the Governor issued the first Executive Order closing all “places of public accommodation” across the state, which specifically included libraries.

Since that time, all Township offices have been closed to the public and essential staff have been reporting to work as needed. Most staff who can work remotely are doing so. For library staff this means librarians and the circulation staff are answering questions and requests for help by phone, messenger and email. To make the e-Library as accessible as possible to the most patrons possible we doubled the monthly limit on items borrowed in Hoopla and added more titles and more copies of popular titles in Overdrive (Libby). Magazines are available through RBDigital on a generous basis. To enable Waterford and Lake Angelus residents without a library card to access our e-Library and the information databases we subscribe to, e.g. Consumer Reports, we have been issuing and renewing library cards remotely. Staff are actively posting information about these online services as well as links to remote learning resources, MeL databases and encouraging contacts from patrons on Facebook. Andrew Mutch, IT, has been assisting staff to work from home, configuring our laptops so that they can access the Township’s network and getting necessary equipment that allowed them to take their desk phones home. These operate on VOIP, so making and receiving calls is the same as if they are in the library.

Library staff have shown commendable professionalism and creativity in finding ways to enhance and promote the use of our e-Library while the physical collection and Internet access are inaccessible.

As staff have been following the Stay Home order, we closed the book return until they can come in to process the returns that have been in quarantine since mid-March as well as the last TLN delivery of interlibrary loan materials. Supervisor Wall is planning to reopen Township offices in phases.

First, staff will return to work to reengage standard processes in an environment that accommodates social distancing and other public health dictates, e.g. wearing masks and routine sanitizing of work areas throughout the day. The shared automation system has to be reset to original configurations, MelCat interlibrary loan needs to be brought back online, and TLN delivery for interlibrary loan needs to be restarted. All Township business, including the Library, will continue to be conducted by phone, fax and online.

The second phase is limited access by the public, e.g. spaces the public can enter and a maximum

number of people in these spaces. The final phase is a return to standard operations modified to ensure compliance with social distancing and public health regimens. The library staff is working on a phased-in plan that aligns with these general guidelines. At this time, I do not anticipate the library opening to the public for several weeks after the current version of the pertinent Executive Orders expire. Currently this is at midnight May 28. Our plan begins with opening the outside book returns and offering curbside service to deliver materials to patrons. These, of course, will be in addition to continuing to conduct business by phone, fax and online.

The Resolution to Re-Establish the Library under current law was adopted by the Township Board at their March 23, 2020 meeting. As part of this process, the Library Advisory Board became the Library Advisory Committee and the resolution included reappointment of all members currently serving in this advisory capacity to complete their current terms. As part of the process of preparing this resolution Gary Dovre, Township Attorney, reviewed our posted Rules of Conduct for Library Use (ca. 2005) and revised them to align with developments in the intervening years. These revised rules are printed and ready for posting when we reopen.

SERVICE UPDATES

The following Service Updates are highlights by our department heads of activities their staff have been involved in the past two months.

Adults', Outreach, & Teens' Services

Submitted by J. Hansen, Head of Adults' & Outreach Services

We prepared to offer to help people who might want to answer the census online at the library as census invitations got mailed out starting March 12.

The global coronavirus pandemic developed, which had a huge impact on a great many things, including the library. We closed to the public on March 16 and began working from home on March 24. Programs were cancelled. Outreach deliveries stopped.

While the building is closed, activities of adult librarians working from home include

- Reading reviews
- Purchasing materials for the collection
- Updating web pages and booklists on our website
- Posting to Facebook, Twitter, and Instagram
- Responding to patron phone calls and emails (although much fewer than normal of these)
- Contacting program presenters of upcoming programs to cancel the programs

Liz corresponded with Poetry Leaves intern, Emily Kazmierczak, filled out Emily's end-of-internship review and signed her hours sheet; emailed both to Professor Nugent, and updated the library's Poetry Leaves web page and the Poetry Leaves website. Liz also created a YouTube channel/account for the library.

Lynne made a video using canva.com called, "Greetings from the Waterford Township Public Library" with photos of many staff members holding signs with encouraging messages.

And, I did a lot of maintenance on my Outlook inbox, especially deleting old messages.

Children's Services

Submitted by C. Walker, Head of Children's Services & Page Supervisor

It was a March for the ages. We had finished our winter programs and begun our spring programs when the COVID-19 virus was making its way across the country. We were beginning to see a

downturn in the number of visits to the library and programs when the disease arrived in Michigan.

When the library closed to the public, we answered calls at the reference desk while working on weeding the collection, cleaning, and other projects. By March 23, the staff transitioned to working from home.

The rest of March was a blur as everyone began trying to adapt to being at home all the time with kids and spouses. We monitored the phones and our e-mails from home. We were used to working with the public every day, helping them with so many things, and doing programs, and it all just ended. Dealing with the fear and anxiety was also challenging. We continued doing Facebook postings and looking for pertinent websites for our patrons.

April became a little more organized as we settled into new routines. The staff took turns monitoring the reference desk phone. Each day, posts on Facebook shared information with our patrons about different databases and websites that could help them - or just to cheer them up. The librarians contributed to creating a page on our website called "Online Resources."

We also attended virtual meetings of professional associations and webinars including

- Library of Michigan Youth Services
- The Library Network (TLN cooperative) Youth Services
- Oakland Schools Great Start Collaborative
- Demco webinar – Wandoo Reader Deep Dive (online tool for Summer Reading programs)
- Children's librarians staff meetings
- Library Senior Staff meetings

I kept in touch with our pages to stay connected with them and be sure they were doing well. Our newest page, Lilli Bowman, was to report to work two days before we closed. Her orientation and training for the new job is on hold until staff can report to work.

Circulation Services

Submitted by J. Deahl, Circulation Services Coordinator

The early weeks of March were spent prepping for Food for Fines 2020 and reviewing incoming applications to fill our vacant position. However, COVID-19 brought everything to a screeching halt by Monday, March 16, when we closed to the public. At that time staff continued reporting to work to assist patrons via phone and email.

Once closed, our focus became ensuring our patrons had access to our electronic collection and databases. Jean Hansen contacted TLN to have our standard restrictions for e-content usage lifted, so patrons with expired accounts, fines over \$25, and lost item(s) could utilize the library from home. In addition to opening up our electronic services, I did the following:

- Renewed patrons with expired cards as of March 16, 2019 through March 16, 2020 and patrons with cards expiring as of March 16, 2020 through May 31, 2020 to June 1, 2020.
- Suspended collection services with our collection agency, Unique Management Services Inc.
- Had the due dates of checked out items changed to May 1, 2020.
- Requested that courtesy notifications be turned off. While we were not encouraging patrons to return their items, if something was returned, it was immediately quarantined. Returns were to be quarantined for a period of ten days before it could be checked in. We did not want patrons notified of items coming due or that items were overdue, especially if they had been returned.

- Began working on a procedure to register patrons for library cards remotely.

In between assisting patrons, the circulation department began inventory of Children's non-fiction. The procedure was similar to how we conducted inventory of the adult department. I generated a list of the collection and the clerks pulled each item from the shelf and assessed its condition. Any damage found and deemed passable was noted underneath the barcode, while badly damaged items were left for the librarians to review. Books were marked and then returned to the shelf. Any discrepancies between the list and what was found on the shelf was given to me. Staff just began work on the juvenile 600s before the building closed entirely and they were instructed to no longer report. I am working from home check messages remotely, following up with patrons on circulation matters, and registering and renewing cards remotely. Our residents have been very grateful that so many exceptions have been made to our operating procedures, and they are very grateful to be able to continue or start using the library under these extraordinary circumstances.

The library was closed all of April amidst the COVID-19 pandemic. I continued working remotely answering questions for patrons via telephone and email, registering and renewing user accounts, and tending to shared system matters on a local level to ensure patrons were not penalized for materials they cannot return or have returned and temporarily cannot be checked in. At this time, all material has been given an extended due date of May 25, 2020.

DONATIONS

Total \$ 2,081

- \$36 – Library Gardeners, in support of library gardens
- \$2,045 – Friends of the Library

NOTE: The count of database usage, found under VISITS/REMOTE in the STATISTICAL SUMMARY for March and April that follows, is much lower than expected in light of the heavy promotion of e-resources while the library is closed. A first analysis by Andrew Mutch is below.

- *In March, the numbers were fairly stable despite the days that the library was closed. This was in part to an uptick in the usage of remote databases.*
- *April saw a significant decline in overall numbers driven by 2 major factors – A big drop off in people checking their account information in the catalog and lack of internal usage of most databases. As you can see a few databases that are tracked solely as “internal” still showed counts for April. This is due to how those have been categorized for counting purposes. Depending on your needs, we may need to revisit how those are counted.*
- *Also, I do think we're going to see that there's an undercount of resources as compared to actual usage. For example, resources like Tumblebooks and Ancestry can be accessed directly without going through an authentication process on our end that helps track their usage. I will be checking with those vendors to see if we can get usage stats for our patrons (if possible). As those become available, I'll be revising these numbers and will share those revisions.*

In light of this we are reviewing how this data is gathered and making adjustments to most accurately reflect usage going forward.

MEMORANDUM

Date: June 2, 2020

To: Honorable Township Board Members

From: Jeffrey Polkowski, Superintendent of Planning and Zoning

RE: Proposed Zoning Ordinance Text Amendment Cases for the March 24, 2020
Planning Commission Meeting:
Text Amendment Case No. 20-03-01 – Summit Place Overlay Zoning District

Attached for your review and consideration, please find a proposed Zoning Ordinance Text Amendment.

The evaluation of a concept plan for a proposed development within the Summit Place Overlay Zoning District revealed concerns within the existing ordinance that had been adopted almost a year ago.

The Summit Place Overlay Zoning District, as currently written, presents opportunities for conflicting land uses of various intensities to be established within a single parcel without requiring any screening or additional landscaping to act as a buffer for them to operate harmoniously.

Planning Staff identified and worked with the Developer on some fine tuning of the original ordinance text to clarify the levels and conditions of approval required for sensitive uses and to confirm with how traditional ordinance standards will be applied to proposed developments on portions of the site that do not correspond to separate legally recognized and split parcels.

This Zoning Ordinance Text Amendment also includes an amendment increasing the Maximum Building Height from 30' to 45' for HT-1 and M-1 Uses without requiring the Planning Commission to provide a discretionary decision.

The Planning Commission reviewed this ordinance amendment at a Special Meeting on May 28, 2020 and resolved unanimously, to forward a favorable recommendation to the Township Board

Motion

If the Township Board concurs with the Planning Commission's favorable recommendation for this, a motion to "introduce" the cases should be made which would then provide for consideration of "final adoption" of the Text Amendments at your June 22, 2020 meeting.

Upon your review, if you have any questions or require further information, please contact this office.

Mr. Polkowski gave a brief overview and visual presentation of the general location of the proposed distribution center within the Summit Place Overlay Zoning District. He

provided a copy of a utility plan to tie into the existing watermain and reutilize existing storm and sewer infrastructure. Re-Use of these utilities is contingent on DPW and Township approval, and adoption of the Text Amendment 20-03-01 by the Board of Trustees is necessary for this conceptual plan to be adopted as proposed.

There was some discussion of the truck & trailer parking amendment, and Accessibility of sidewalks on the proposed new road from Telegraph to Summit drive. Staff does not have any issues with the building height amendment from 30' to 45', and a few minor inconsistencies and fire requirements need to be clarified or corrected.

Chairperson Werth questioned if there was any other public comment.

Mr. Leibovits spoke up to thank the board and staff for all their efforts and support, and that he will continue to work with the community with this re-development.

MEMORANDUM

Date: June 3, 2020

To: Honorable Township Board Members

From: Jeffrey Polkowski, Superintendent of Planning and Zoning

RE: Resolution Allowing Temporary Uses Due to COVID-19 States of Emergency,
Orders, and Related Hardships

Attached for your review and consideration, please find a proposed Resolution.

The intent of this Resolution is to provide relief to Waterford Township's business owners and their patrons due to the hardships imposed by the COVID-19 pandemic.

This Resolution would permit Restaurant Establishments to temporarily expand their dining areas and permit Personal Grooming Establishments, to provide personal services outside, once they are permitted to operate by the State of Michigan.

This would allow for a temporary 25-50% increase in table capacity for Restaurant Establishments. For example, a restaurant with 8 interior tables could request 2-4 additional tables outside, or a restaurant with an approved Special Use and Site Plan for 4 outdoor tables could temporarily request 1-2 additional tables outside.

Once Personal Grooming Establishments are permitted to operate by the State of Michigan, this Resolution would allow for them to temporarily operate outdoors at a 25%-50% capacity as well. For example, a barber shop with 8 chairs, would be allowed to erect a temporary tent and provide 1-4 chairs outside.

The Resolution would also allow for a temporary reduction of parking for these establishments, with the logic that there will be fewer patrons in attendance due to the State of Michigan Executive orders involving the COVID-19 pandemic. For example, a restaurant operating at 50% capacity, would only be required to temporarily provide 50% of their parking requirements. This temporary parking relief would allow business owners to establish their outdoor operations in temporarily underutilized parking spaces during the pandemic.

**With us there are no
boundaries**

Both Restaurant Establishments and Personal Grooming Establishments must must comply with the provisions of all current and future Executive Orders of the Governor regarding the reopening of the business, social distancing, protective clothing or equipment, party size, occupancy requirements, and any other applicable standards, conditions, or requirements.

Business owners are to obtain an application and fee requirements from the Development Services Department. Once a complete set of application materials is received, the Zoning Official shall conduct a review to ensure compliance and shall approve an application that meets all standards, conditions, and requirements for a time period that does not extend beyond the expiration of this Resolution. Temporary expansion of Restaurant Establishment's dining area and Personal Grooming Establishment outdoor stations would be permitted April-October within a calendar year. Applicants would need to re-apply annually, should the pandemic continue.

Upon your review, if you have any questions or require further information, please contact this office.
