- ✓ **Safety and security**
- ✓ **Upgrades** to the learning environment
- ✓ **Technology and A/V updates**
- ✓ **Replacements** of assets that are at the end of their life expectancy

The Waterford Board of Education
has placed a \$150 million bond
proposal on the
August 4th ballot.

The primary purpose of the bond proposal is to **enhance the learning environment** and to **protect the community's investment** in its school district.

The bond proposal will fund
**renovations, upgrades, and
construction.**

If voters approve the bond proposal, the current tax rate **will not increase.**

The tax rate is projected to be **at or below the current levy.**

What is a bond?

A bond is **similar to a homeowner's mortgage**. In this case, Waterford School District borrows money and pays it back over a period of years.

If voters approve the bond proposal,
bond revenue will be invested in
five general areas.

1

Enhancing safety and security

- PA and fire alarm upgrades
- Installing additional security cameras
- Replacing sidewalks and parking lots
- Redesign of pool entry and exit

Updating facilities

- Roofing replacements
- Electrical, heating, and cooling system updates
- Improving energy efficiency
- Upgrading kitchens

3

Improving the learning environment

- Renovating classrooms
- Upgrading audio/visual equipment
- Updating classroom furniture to support active learning
- Constructing a new Early Childhood Center

Improving athletic & physical education facilities

- Middle School:
 - Athletic field renovations
 - Track, tennis court, and basketball court replacements
- Physical education equipment upgrades
- Upgrading play areas and structures

5

Replacement items that are at the end of their life-expectancy

- Roofs, lighting, flooring, classroom furniture, and school buses

Every project in the bond proposal has been **reviewed and approved** by the Michigan Department of Treasury.

The August 4th bond proposal will affect **every Waterford student, school, and school facility.**

If the bond proposal is approved by Waterford voters, **the increase in the current tax-rate will be zero.**

Zero!

In this election, **voters can make one of three decisions:**

- VOTE YES
- VOTE NO
- DON'T VOTE

You can vote on August 4th at your regular polling place or after June 20th by absentee ballot.

In this election, you do not need a reason to vote absentee.

Any registered voter can cast an absentee ballot from June 20th through Election Day.

5. Introduction**5.1 Introduction of Zoning Text Amendment 2020-Z-001; Rezoning Case No. 20-03-01; Summit place Overlay District**

The following memo was received from Jeffrey Polkowski, Superintendent of Planning and Zoning.

Attached for your review and consideration, please find a proposed Zoning Ordinance Text Amendment.

The evaluation of a concept plan for a proposed development within the Summit Place Overlay Zoning District revealed concerns within the existing ordinance that had been adopted almost a year ago.

The Summit Place Overlay Zoning District, as currently written, presents opportunities for conflicting land uses of various intensities to be established within a single parcel without requiring any screening or additional landscaping to act as a buffer for them to operate harmoniously.

Planning Staff identified and worked with the Developer on some fine tuning of the original ordinance text to clarify the levels and conditions of approval required for sensitive uses and to confirm with how traditional ordinance standards will be applied to proposed developments on portions of the site that do not correspond to separate legally recognized and split parcels.

This Zoning Ordinance Text Amendment also includes an amendment increasing the Maximum Building Height from 30' to 45' for HT-1 and M-1 Uses without requiring the Planning Commission to provide a discretionary decision.

Introduction of Zoning Text Amendment 2020-Z-001; Rezoning Case No. 20-03-01; Summit place Overlay District Continued.

The Planning Commission reviewed this ordinance amendment at a Special Meeting on May 28, 2020 and resolved unanimously, to forward a favorable recommendation to the Township Board

Motion

If the Township Board concurs with the Planning Commission's favorable recommendation for this, a motion to "introduce" the cases should be made which would then provide for consideration of "final adoption" of the Text Amendments at your June 22, 2020 meeting.

Upon your review, if you have any questions or require further information, please contact this office.

6. New Business**6.1 Resolution Allowing Temporary Use Due To COVID-19 States of Emergency, Orders, and Related Hardships**

The following memo was received for Jeffrey Polkowski, Superintendent of Planning and Zoning.

Attached for your review and consideration, please find a proposed Resolution.

The intent of this Resolution is to provide relief to Waterford Township's business owners and their patrons due to the hardships imposed by the COVID-19 pandemic.

This Resolution would permit Restaurant Establishments to temporarily expand their dining areas and permit Personal Grooming Establishments, to provide personal services outside, once they are permitted to operate by the State of Michigan.

This would allow for a temporary 25-50% increase in table capacity for Restaurant Establishments. For example, a restaurant with 8 interior tables could request 2-4 additional tables outside, or a restaurant with an approved Special Use and Site Plan for 4 outdoor tables could temporarily request 1-2 additional tables outside.

Once Personal Grooming Establishments are permitted to operate by the State of Michigan, this Resolution would allow for them to temporarily operate outdoors at a 25%-50% capacity as well. For example, a barber shop with 8 chairs, would be allowed to erect a temporary tent and provide 1-4 chairs outside.

The Resolution would also allow for a temporary reduction of parking for these establishments, with the logic that there will be fewer patrons in attendance due to the State of Michigan Executive orders involving the COVID-19 pandemic. For example, a restaurant operating at 50% capacity, would only be required to temporarily provide 50% of their parking requirements. This temporary parking relief would allow business owners to establish their outdoor operations in temporarily underutilized parking spaces during the pandemic.

Both Restaurant Establishments and Personal Grooming Establishments must comply with the provisions of all current and future Executive Orders of the Governor regarding the reopening of the business, social distancing, protective clothing or equipment, party size, occupancy requirements, and any other applicable standards, conditions, or requirements.

Business owners are to obtain an application and fee requirements from the Development Services Department. Once a complete set of application materials is received, the Zoning Official shall conduct a review to ensure compliance and shall approve an application that meets all standards, conditions, and requirements for a time period that does not extend beyond the expiration of this Resolution. Temporary expansion of Restaurant Establishment's dining area and Personal Grooming Establishment outdoor stations would be permitted April-October within a calendar year. Applicants would need to re-apply annually, should the pandemic continue.

Upon your review, if you have any questions or require further information, please contact this office.

6.3 Public Comments Limited to Three (3) Minutes per Topic

Clerk Markee announced to unmute your phone press *6.

Marilyn Brennan,

Ms. Brennan addressed the Board regarding a neighbor dispute. Ms. Brennan stated that no one will help her with her on going neighbor dispute.

Township Attorney Dovre stated that Ms. Brennan's concerns have already been submitted to the Police, and/or prosecuting officials. In his opinion there is nothing that the Board could or should do in response to the comments other than what the Supervisor has done. It appears that she does not own the land which could be why there has been no prosecution.

Supervisor Wall stated that Ms. Brennan called into the Board Meeting on April 27th and inquired if the Board received the e-mail that was sent to Chief Underwood related to her concerns. The Board replied, "Yes". Supervisor Wall stated that he has done everything he's able to do.

Chief Underwood stated that Ms. Brennan's claims are inaccurate. The property and the issues around it are a civil matter. She was advised to contact the home owner's association and if they were unable to assist she would need to contact an attorney. Since August 2019, the WTPD has responded to her home, or her neighbor's home, 30 times.

Mark Monohon

Mr. Monohon inquired about the former Summit Place Mall Property and if traffic studies have been performed. Supervisor Wall stated typically this is public comment not Q&A. He stated that traffic studies will be completed before construction may commence. Mr. Monohon apologized and thanked Supervisor Wall for the information. He stated he didn't have the documents, at that time, to ask during the Planning Commission meeting.

Ms. Brennan attempted to respond to Chief Underwood's comments and was advised that public comments were limited to three (3) minute per speaker.

Please contact me any questions or comments you may have regarding this application packet. I can be reached at 248.417.5559

MEMORANDUM

Date: June 2, 2020

To: Honorable Township Board Members

From: Jeffrey Polkowski, Superintendent of Planning and Zoning

RE: Proposed Zoning Ordinance Text Amendment Cases for the March 24, 2020
Planning Commission Meeting:
Text Amendment Case No. 20-03-01 – Summit Place Overlay Zoning District

Attached for your review and consideration, please find a proposed Zoning Ordinance Text Amendment.

The evaluation of a concept plan for a proposed development within the Summit Place Overlay Zoning District revealed concerns within the existing ordinance that had been adopted almost a year ago.

The Summit Place Overlay Zoning District, as currently written, presents opportunities for conflicting land uses of various intensities to be established within a single parcel without requiring any screening or additional landscaping to act as a buffer for them to operate harmoniously.

Planning Staff identified and worked with the Developer on some fine tuning of the original ordinance text to clarify the levels and conditions of approval required for sensitive uses and to confirm with how traditional ordinance standards will be applied to proposed developments on portions of the site that do not correspond to separate legally recognized and split parcels.

This Zoning Ordinance Text Amendment also includes an amendment increasing the Maximum Building Height from 30' to 45' for HT-1 and M-1 Uses without requiring the Planning Commission to provide a discretionary decision.

The Planning Commission reviewed this ordinance amendment at a Special Meeting on May 28, 2020 and resolved unanimously, to forward a favorable recommendation to the Township Board

Motion

If the Township Board concurs with the Planning Commission's favorable recommendation for this, a motion to "introduce" the cases should be made which would then provide for consideration of "final adoption" of the Text Amendments at your June 22, 2020 meeting.

Upon your review, if you have any questions or require further information, please contact this office.

Waterford Township
Community Development Block Grant Program (CDBG):
Substantial Amendments In Response to COVID-19 Briefing
Information:

AMENDMENT SUMMARY

In the event of a declared disaster or emergency, it may be necessary to expedite substantial amendments to the Consolidated Plan, Action Plan and or Citizen Participation Plan. These amendments may include accepting new or additional funding, funding new activities and/or the reprogramming of funds, including canceling activities to meet needs resulting from a declared disaster or emergency.

In response to the Coronavirus Pandemic (COVID-19) the U.S. Department of Housing and Urban Development (HUD) has informed the Charter Township of Waterford that it will receive \$214,575 as a special allocation of Community Development Block Grant Coronavirus (CDBG-CV) funds to be used to prevent, prepare for, and respond to the coronavirus (COVID-19). This allocation was authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, which was signed by the President on March 27, 2020, to respond to the growing effects of this historic public health crisis.

Waterford Township is part of the Oakland County HOME Consortium, which provides for a coordinated effort among its partner communities to develop their Consolidated Plan and Annual Action Plans. This coordinated effort helped with each partner community's emergency and public health response to prevent, prepare for, and respond to COVID-19. To that end, the Township has developed a comprehensive operational and funding plan utilizing CDBG-CV funds which WILL BE ADOPTED by the Waterford Township Board of Trustees on June 22, 2020.

Waterford Township's 2016 - 2020 Consolidated Plan, the 2019 Annual Action Plan, and Citizen Participation Plan will be amended to enable the Township to receive and administer the \$214,575 of CDBG-CV funding and any other funding that may be made available to the Township through the CARES Act or other such federal allocations administered by HUD in the event of a declared national or local emergency.

2015-2019 CONSOLIDATED PLAN AND FY 2019 ACTION PLAN AMENDMENTS

CDBG-CV (\$214,575): CDBG-CV is to be used to prevent, prepare for, and respond to the coronavirus (COVID-19). In planning for the utilization of the funds, Waterford Township will prioritize the unique needs of low- and moderate-income person and the development of partnerships between all levels of government and the private for-profit and non-profit sectors.

Per HUD guidance, potential CDBG-eligible activities to support the COVID-19 response may include, but are not limited to:

Building and improvements, including public facilities such as constructing testing and diagnosis, or treatment facility; rehabilitation of a community facility to establish an infectious disease treatment clinic; acquisition and rehabilitation, or construction of a group living facility that may be used to centralize patients undergoing treatment; rehabilitation of a commercial building or closed school building to establish an infectious disease treatment clinic, e.g. by replacing the HVAC system; acquisition and rehabilitation of a motel or hotel building to expand the capacity of hospitals to accommodate isolation of patients during recovery; or to make interim improvements to private properties to enable an individual patient to remain quarantined on a temporary basis;

Assistance to businesses, including special economic development activities such as providing grants or loans to support new business expansion to create jobs and manufacture medical supplies necessary to respond to infectious disease; avoid job loss caused by business closures related to social distancing by providing short-term working capital assistance to small businesses to enable retention of jobs held by low- and moderate-income persons; or to provide technical assistance, grants, loans, and other financial assistance to establish, stabilize, and expand microenterprises that provide medical, food delivery, cleaning, and other services to support home health and quarantine;

Public services such as emergency grant payments for rent and utilities, job training to expand the pool of health care workers and technicians that are available to treat a disease within a community; provide testing, diagnosis or other services at a fixed or mobile location; increase the capacity and availability of targeted health services for infectious disease response within existing facilities; provide equipment, supplies, and materials necessary to carry out a public service; deliver meals on wheels to quarantined individuals that need to maintain social distancing due to medical vulnerabilities;

Planning, capacity building, and technical assistance such as gathering data and developing non-project specific emergency infectious disease response plans; and

Any other activity allowed under current CDBG regulations.

Additional CDBG funding made available to Waterford Township by HUD through the CARES Act is unknown as this time but will be used for the same purpose of the initial allocations indicated above which is to prevent the spread of coronavirus 19 (COVID-19) and facilitate assistance to eligible communities, households, and persons economically impacted by COVID-19.

The CARES Act adds additional flexibility for both the CDBG-CV grant and, in some cases, for the annual CDBG grants. It also authorizes the Secretary to grant waivers and alternative requirements of statutes and regulations the Secretary administers in

connection with the use of CDBG-CV funds and CDBG funds. To expedite and facilitate the use of funds, Waterford Township will, as necessary, avail itself of the additional flexibility being provided, request available waivers, and request permission to use alternative requirements of statutes and regulations with the use of CDBG-CV funds.

Further guidance defining what qualifies as CDBG-CV response, and other information, is forthcoming from HUD but for now it is understood that the public services cap is suspended for CDBG-CV funds. The CARES Act allows for unlimited COVID-19 related pre-award costs, but reimbursement of eligible costs is only applicable for new CDBG-CV funding and does not apply to 2019 or 2020 CDBG funds. Limitations on pre-award costs for prior year awards still apply.

All eligible CDBG activities must meet one of the national objectives which are: (1) Benefit to low- and moderate-income (LMI) persons; (2) Aid in the prevention of slums or blight; and (3) Meet a need having a particular urgency. The Township may undertake CDBG-eligible activities to meet needs resulting from declared disasters or emergencies under any one of the three national objectives

Executive Summary of Substantial Amendment 2020-1: An Amendment to the Consolidated Plan 2016-2020, 2019 Annual Action Plan, and Citizen Participation Plan to facilitate CDBG-CV Funding

BACKGROUND

The March 27, 2020 passage of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, provides \$5 billion in Community Development Block Grant funds to be used to prevent, prepare for, and respond to the Coronavirus (COVID-19). As an entitlement community, Waterford Township received \$215,575 in Community Development Block Grant-Coronavirus (CDBG-CV) funds from the Department of Housing and Urban Development (HUD). To expedite the disbursement of the Township's new CDBG-CV funds, via 24 CFR 5.110, the CARES Act authorized HUD to grant waivers to the public notice, public comment, and citizen participation plan requirements found in 24 CFR 91.105(2) and (k) and 24 CFR 91.40.

In addition to the public notice/comment waivers, the CARES Act also established the following regulatory waivers, all of which, Waterford Township will utilize under proposed Amendment 2020-1:

1. The public services cap of 15% is suspended for the Township's CDBG- CV funds.
2. The CARES Act permits the use of virtual public hearings when necessary for public health reasons.
3. The CARES Act permits Citizen Participation Plan Amendments and other Plan publications to occur concurrently. The Substantial Amendment to Waterford Township's 2016-2020 Con Plan will result in the allocation of \$215,575 of CDBG-CV funds and further address the Township's effort to comply with HUD's regulatory requirements in administering the community's CDBG Program, including CDBG-CV funds. The Amendment to the Township's Citizen Participation Plan will expedite the Township's disbursement of funds and accelerate the Township's COVID-19 recovery efforts.

Substantial Amendment 2020-1 amends the following areas of the existing Con Plan, 2019 Annual Action Plan, and Citizen Participation Plan in response to the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and various waivers provided by the U.S. Department of Housing and Urban Development (HUD):

A copy of Waterford Township's 2019 Annual Action Plan (AAP) can be found on the Township's webpage. The following are the proposed amendments to the AAP to direct CDBG-CV funds in accordance with HUD guidelines (COVID-19 Response and Recovery).

AP-05 EXECUTIVE SUMMARY – 91.200(c), 91220(b)

Under Substantial Amendment 2020-1, Waterford Township will add the following language to the introduction section (amendment language in italics below).

The March 27, 2020 passage of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, provides \$5 billion in Community Development Block Grant funds to be used to prevent, prepare for, and respond to the Coronavirus (COVID-19). As an entitlement community, Waterford Township received \$215,575 in Community Development Block Grant-Coronavirus (CDBG-CV) funds from the Department of Housing and Urban Development (HUD). To expedite the disbursement of the Township's new CDBG-CV funds, via 24 CFR 5.110, the CARES Act authorized HUD to grant waivers to the public notice, public comment, and citizen participation plan requirements found in 24 CFR 91.105(2) and (k) and 24 CFR 91.40.

The CARES Act also authorized the HUD Secretary to grant waivers and alternative requirements related to the use of CDBG-CV funds, including the suspension of the 15 percent cap on funding for public services; reducing the public comment period for consolidated plan and action plan amendments to five days, and allowing the option of virtual hearings. To expedite and facilitate the use of these funds Waterford Township will, as necessary, avail itself of the additional flexibility being provided, request available waivers, and request permission to use alternative requirements of statutes and regulations with the use of CDBG-CV funds. All eligible CDBG-CV activities must meet one of the national objectives which are: (1) Benefit to low- and moderate-income (LMI) persons; (2) Aid in the prevention of slums or blight; and (3) Meet a need having a particular urgency. The Township may undertake CDBG-eligible activities to meet needs resulting from declared disasters or emergencies under any one of the three national objectives.

Waterford Township is part of the Oakland County HOME Consortium, which has coordinated efforts to develop an emergency and public health response to prevent, prepare for, and respond to COVID-19. The Township has developed a comprehensive operational and funding plan utilizing CDBG-CV funds which WILL BE ADOPTED by the Waterford Township Board of Trustees on June 22, 2020.

Waterford Township seeks approval of a Substantial Amendment to the Program Year (PY) 2016-2020 Consolidated Plan, PY 2019 One-Year Action Plan and Citizen Participation Plan in order to submit its COVID response plan to HUD. The 2019 One-Year Action Plan amendment identifies proposed activities for the expenditure of CDBG-CV to address the COVID -19 crisis. Newly funded activities are scheduled to begin implementation as soon as agreements are executed. The substantial amendment funding must be committed prior to September 30, 2022.

Under Substantial Amendment 2020-1, Waterford Township will add the following language to the Summary of Citizen Participation Process and Consultation Process section (amendment

language in italics below).

The Citizen Participation Plan was amended to utilize the Public comment waiver issued by HUD with the CDBG-CV allocation to the Township. A public meeting, public notice and phone conversations were utilized to solicit participation. The Waterford Township Board of Trustees held a virtual public hearing on June 22, 2020. ___ people attended and inquired about the CDBG-CV program. The Township posted a comment period from June 12, 2020 to June 23, 2020 to meet the minimum 5 day public comment period. The Public Notice was published in the Oakland Press, a local newspaper, available via the city web page and hard copy via US Postal or pick up at Township Hall. AMENDMENT TO CITIZEN PARTICIPATION PLAN

A copy of the amended Citizen Participation Plan can be found on the Township's webpage. This document serves as the Township's Substantial Amendment submittal to HUD for the following federal resources

Additionally, under this Substantial Amendment, Waterford Township is including an amended Citizen Participation Plan. The Township's amendment to the Citizen Participation

Plan reflects adjustments to the public participation process as per the receipt of HUD's waivers and regulatory guidance.

In response to the urgency of the COVID-19 pandemic, the Department of Housing and Urban Development released a series of waivers to streamline the approval process while also providing opportunities for the public to submit comments. Specifically, to expedite actions to respond to COVID-19, per 24 CFR 5.110, HUD waived the Consolidated Plan requirements of 24 CFR 91.105(c)(2) and (k), 91.115(c)(2) and (i) in order to balance the need to respond quickly to the growing spread and effects of COVID-19 with the statutory requirement to provide reasonable notice and opportunity for citizens to comment on substantial amendments concerning the proposed uses of CDBG and HOME funds.

Waterford Township's Community Development Block Grant Coronavirus (CDBG-CV) Program is a special allocation, which was authorized by the CARES Act, Public Law 116-136 to respond to the Coronavirus pandemic crisis. The Township will use these funds to provide gap funding assistance to its residents, businesses, and non-profit agencies to further prevent, prepare for, and respond to the Coronavirus. Should additional funds be made available, the Township will allocate these funds via its Substantial Amendment process as necessary.

Re: Waterford Recreation Center – Window Replacement Request

Dear Honorable Township Trustees,

I am respectfully requesting your approval to move forward with replacing all of the windows at the Waterford Recreation totaling \$26,253.00. Three quotes were obtained for this project and they are attached. After review, I am recommending the project be awarded to Doors of Pontiac, 7611 Highland Road, Waterford, MI 48327.

The windows at the Recreation Center are decades old and have deteriorated to a point where some cannot be opened safely. Due to the current condition, the windows are contributing to higher utility costs being paid by the department. Adequate funding for this project has been allocated from the CDBG Program - Year 45, Account Number 26354-97106-CD045.

Thank you for your attention to this matter. Please feel free to contact me if you have any questions with regard to this request at 248-618-7549.

Recommended Board Action

Approve the Waterford Recreation Center window replacement project totaling \$26,253.00 to Doors of Pontiac, 7611 Highland Road, Waterford, MI 48327. Funding for this project is to come from the CDBG Program - Year 45 Allocation, Account Number 26354-97106-CD045.

Sincerely,

Alison Swanson

RE: Water Interconnect with Keego Harbor

Please review the attached letter from Engineering Firm, Hubbell, Roth & Clark, Inc. (HRC). HRC has been working with Waterford Township DPW on a water system interconnect between the City of Keego Harbor and Waterford Township.

A water system interconnect offers a redundant water supply for both the City of Keego Harbor and Waterford Township in case of a water system emergency.

Waterford currently has several other water system interconnections with Independence Township, White Lake Township, West Bloomfield Township and the City of Pontiac.

This additional water system interconnect is necessary to protect the single water main on S. Cass Lake Road that supplies approximately 550 homes south of S. Cass Lake Road and Port Cove Drive. This single feed water main has failed in the past, resulting in Waterford Township connecting to City of Keego Harbor's water system by running a fire hose between water system hydrants for "temporary" water service. This temporary connecting is not a standard water system practice that Michigan Department of Environment, Great Lakes, and Energy (EGLE) would approve, other than during extreme conditions. In addition, this temporary water connection would not provide sufficient water flow during a fire event.

Another issue with the fire hose connection is the difference in water pressure between systems. The City of Keego Harbor's water system, is supplied by Great Lakes Water Authority (GLWA) at a transmission pressure of 90 - 100 pounds per square inch (psi). Waterford Township's water pressure is typically around 60 psi. A straight hose connection could cause the Waterford system to experience pressure nearly twice the normal level. This additional pressure could cause system failures (main breaks or home plumbing system failures).

A permanent interconnect designed with a pressure reducing valve (PRV) is a safe water system back up. This solution would require a PRV for water flowing from the City of Keego Harbor to the Waterford system. If water were flowing from Waterford to the City of Keego Harbor, the PRV would be by-passed. Flow in either direction would be monitored via bi-directional flow meter.

With us there are no boundaries

Included in this packet are letters from the Oakland County Water Resources Commissioner (WRC), who operates City of Keego Harbor’s water system, and EGLE supporting this interconnect. Consistent with all water system interconnects, EGLE would need to be notified anytime this interconnect was put into service and additional water sampling may be required.

Waterford Township will fund this project; during initial conversation, WRC made clear the City of Keego Harbor’s water system could not participate financially. This project is critical to the Waterford system to create a redundant supply of nearly 550 homes, which could be affected by upcoming work of the Road Commission for Oakland County (RCOC).

In 2021 RCOC will be reworking the Cass Lake Culvert on the north end of the single feed 12” water main, an Asbestos Concrete (AC) pipe installed in 1959. Although AC pipe has a long life, it is also very brittle and any disturbance of the ground near the pipe can fracture it. The culvert being worked on is within a few feet of this water main. A disturbance of the soil could put the single feed main and 550 homes out of water service. The location of this main, at a river crossing, could make any required repair a monumental task due to the poor soil conditions.

This project will require a budget amendment, line to line transfer from Water Capital Infrastructure Preservation to Water Capital Infrastructure.

Requested Board Action
Approve Budget Amendment of \$400,000.00 from 59045-97010 Water Capital Infrastructure Preservation to 59045-97000 Water Capital Infrastructure
Approve Engineering, i.e. Plan Preparation, Specifications and Bidding Documents for a City of Keego Harbor – Waterford Township Water System Interconnect with an Engineering Cost Estimate of \$744,000.00 from 59045-97000

Re: Emergency Meter Vault – Connection to Keego Harbor
Feasibility Study Report

HRC Job No. 20180853

Dear Mr. Williams:

In accordance with your request, we have reviewed the feasibility of constructing an emergency water meter vault near the border of Waterford Township and Keego Harbor.

Project Need

Waterford Township has an isolated water service area near the border of Keego Harbor (at Cass Lake Road, beginning just south of Cass Elizabeth Rd) that is supplied through an older single sourced water main (see Figure 1). In the instance that this water main would fail or need to be serviced, the service area could be without water affecting nearly 550 homes. In situations such as these, emergency connections are installed to provide a back-up water supply to either community. The intent of the emergency meter vault is to supply either community with minimum to average day flows without compromising either communities water system pressures and/or flows.

The Township has emergency metered connections with its neighboring communities, and it is understood that the Township would like to install another to Keego Harbor to service this area. In the event that the Township or City suffers a loss of pressure or flow in this area, the emergency connection could service either community.

Keego Harbor has reviewed this concept and would like to move forward with an agreement as directed by their City Council. The Michigan Department of Environment, Great Lakes, and Energy (EGLE) has provided their support for the concept, as the emergency connection provides a reliable supply of water and pressures in the event of an emergency. In addition, the Oakland County Water Resources Commissioner (OCWRC) who operates and maintains the Keego Harbor water system also sees the importance of providing a redundant source of water to their customers. As such, they are also in support of the emergency meter vault.

While we have identified the need for a back-up water supply in the event of an emergency, the connection could also be used for scheduled water main service or replacement. The Road Commission for Oakland County (RCOC) is in process of designing the Cass Lake Culvert project (see Figure 1). The culvert is in the direct vicinity of the Township's water main which feeds this district. Construction will impact the water main and the Township is in the process of coordinating operations of the system with County staff.

Location

The Township owns property between Kessler and Beachland Roads that could be an ideal location for the emergency meter vault. The attached exhibits show the location of the proposed emergency metered connection and the associated water main to connect the water systems.

Design

The design of the new emergency meter vault will consist of an underground concrete vault including meter, pressure reducing valve (PRV), valves, sump pump, ventilation, electrical, and access hatches. Due to the differing pressures (hydraulic grades) in each community a meter and PRV will be necessary to allow for better control of pressure fluctuations, especially when flow is coming into Waterford Township.

Site work will involve (but not limited to) the installation of water main to connect the water systems, exterior isolation valves, and connections to the existing water mains. Due to potential high groundwater levels it is anticipated that significant dewatering and a temporary earth retention system (TERS) may be necessary to allow for proper and safe construction activities. A soil boring will determine if these items will be necessary. It is recommended that the soil boring be completed at the earliest possible convenience to reveal what design considerations will need to be undertaken. Also, since construction will occur during the winter months; cold weather protection will be necessary to ensure for proper construction of the vault and to ensure the equipment in the vault is protected.

A preliminary design concept is provided in Figure 3 and a cost estimate is provided for all proposed improvements.

Estimated Timeline

Should the Township decide to proceed with this project the following timeline is proposed:

- Design Engineering: mid July – end September 2020
- Permitting/Bidding: October-November 2020
- Construction: December 2020-April 2021
- In operation by March 1, 2021

Additional Services

Our office would be pleased to provide design engineering services, i.e. preparation of plans, specifications, and bidding documents, etc. as needed. A separate proposal for these services will be provided under separate cover should the Township so desire.

This is the motion that was approved at our City Council Meeting last night.

The City of Keego Harbor does hereby support the request of Waterford Township to allow an emergency interconnection of their water system and ours near the municipal boundaries between Beachland and Kessler Roads. This connection will serve both communities in the event of scheduled or emergency loss of water supply to this area. The construction and maintenance of this connection shall be at the sole cost of Waterford Township. Specific operations and costs of water supplied provisions will be memorialized in an intergovernmental agreement prepared by Waterford Township and presented to the City for review and approval prior to the start of construction.

Dear Mr. Williams

SUBJECT: Water System Interconnection

This letter is in response to your request for EGLE's overview opinion on intergovernmental water system interconnections, specifically between Waterford Township and Keego Harbor. We understand the new interconnection would only be used in the event of an emergency. EGLE supports the concept of emergency interconnections that would maintain water system pressure and provide a reliable supply of water in the event of an emergency. The construction of the interconnection will require an Act 399 permit from EGLE. In addition, EGLE should be made aware of any emergency interconnection uses. The use of an emergency interconnect could affect water quality and additional monitoring and treatment may be warranted.

If you have any questions, please contact me by phone at 586-753-3759, by email at donaldsonk@michigan.gov, or by mail at EGLE, 27700 Donald Court, Warren, Michigan 48092.

Subject: Letter of Support for construction of an emergency connection between Waterford Township and Keego Harbor water systems

Mr. Williams:

The Oakland County Water Resources Commissioner's office (WRC) operates and maintains the Keego Harbor water system. In our role as water system operator we understand the importance of providing a high level of service to water customers. An emergency connection between water systems can be an effective tool to provide water to an area when the primary source is out of service. Emergency connections were effectively used by WRC to provide water service to thousands of customers in the last year. They are effective in both planned and emergency work.

WRC is in support of the proposed emergency connection between the City of Keego Harbor and Waterford Township. This emergency connection could be used by either community in an emergency or as part of planned water system improvements.

WRC looks forward to working with you on this important project. Please contact me at 248-452-2271 or ploofa@oakgov.com if we can provide any additional information or support as this project moves ahead.

Sincerely,

Amy Ploof, P.E.

MEMORANDUM

Date: June 15, 2020
To: Honorable Township Board
From: Scott Alef, Planner II
RE: Request to Split / Divide Parcel 13-36-101-013
Location: 2876 Woodbine Dr.
Applicants: Greg Rademacher

This office has completed a review of an application from Mr. Rademacher to split the above referenced properties and would offer the following comments:

Mr. Rademacher is proposing to split the existing parcel into a total of two parcels. The subject property is part of the Sylvan Shores subdivision and is made up of lots 14 & 15. Generally, Parcel A is averaged to 146' x 48' and Parcel B is averaged to 146' x 47'. The resulting parcels are similar to, but not exactly the same as the original platted lots. As shown in Table 1, this would violate the three (3) to one (1) depth-to-width ratio as required by Section 15-082(c)(4) of the Waterford Township Code of ordinances

Table 1

	Parcel Depth	Parcel Width	Depth to Width Ratio	Area in SQFT
Parcel A	146.3'	48.1'	3.04:1	7,035
Parcel B	146'	47'	3.1:1	6,861

The two parcels are lake front properties with a varying waters edge. When accounting for only the actual land above water, the proposed parcels could be viewed as more conforming as shown in Table 2. The details of the resulting two proposed parcels are shown in Table 2 below:

Table 2

	Property Line Depth to Waters Edge		Average Depth to Waters Edge	Parcel Width	Depth to Width Ratio	Area in SQFT
	North	South				
Parcel A	130.1'	133.4	131.7'	47'	2.74 : 1	6,335

The subject property is located within the R-1C, Single Family Residential zoning district. The district regulations, per Section 3-900, the Table of Zoning Lot, Area, and Bulk Regulations, do not establish a minimum width or area for the created properties.

With us there are no boundaries

Parcel A&B meets all requirements except for exceeding the depth-to-width ratio as required by Section 15-082(c)(4).

Considering this deficiency, the administrative review committee cannot approve the application to split Parcel number 13-36-101-013, 2876 Woodbine Dr., but finds merit in the proposal based on the character of the location of the parcel and the impact of Otter Lake on the arrangement of proposed parcels in this location.

However, the administrative review committee has also expressed concern for the differing character of the proposed parcels to the existing properties. Most other properties in the area are considered double lot properties. While there is no prohibition preventing the split for that reason, it is a factor worth considering in the current application.

If the Township Board agrees that there is merit in this application, it is recommended that the applicant's appeal to Township Board be granted to allow a total of two (2) parcels as requested.

If the Board does not agree with this option, the administrative denial of the split would be upheld and the applicant's only remaining option would be to seek relief through Circuit Court action.

Therefore, the following draft motion of approval has been prepared for your consideration:

Draft Motion of Approval

To grant the application for a lot split for 2876 Woodbine Dr. to permit a total of two (2) resulting parcels as per the application.

Non-conformance and Variance Request Summary

- Parcels A & B do not meet section 15.082(c)(3) 3:1 depth to width ratio as proposed due to **total actual measured** depth being used in calculation.
- Parcel A:
 - Parcel A using current widths and full depth has 3.28:1 ratio.
 - Parcel A using proposed widths and full depth has 3.07:1 ratio – exceeds 3:1 ratio by 3.43 ft.
- Parcel B:
 - Parcel B using current widths and full depth has 2.83:1 ratio.
 - Parcel B using proposed widths and full depth has 3.08:1 ratio – exceeds 3:1 ratio by 3.74 ft.
- Request that variance to rule be granted as ratio violation is result of method used to calculate it and proposed widths balance and improve on current actual ratio.
- Proposal improves buildability of lots and likely preserves 2 mature oak trees.

Re: Budget line-item adjustment for Senior Center contribution

I respectfully request the Township Board's approval for a budget line-item adjustment in the amount of \$20,000 from the general fund's fund balance to line item 17470-87500.

Attached to this memo is a summary of services and programs provided by the Waterford Senior Center including nutrition services through Meals on Wheels and the center's bistro, outreach services with a licensed social worker, the adult day service program known as Encore, and multiple social and recreation opportunities that help our seniors maximize their physical and mental health and contribute to enhanced quality of life.

In the past, Waterford Township has contributed \$40,000 annually in support of these important services that, until recently, also included transportation for seniors and disabled adults. As you know, Waterford Township recently took over the transportation program and along with two other communities formed the West Oakland Transportation Authority (WOTA) to provide bus transportation to Waterford's senior and adult disabled residents.

The Waterford School District agreed that reducing the contribution by half this year would be reasonable with consideration to the change in fiscal responsibility for transportation.

Thank you for your consideration.

With us there are no boundaries

The Mission of the Waterford Senior Center: to be the focal point in the Waterford Community for services, programs and activities associated with healthy aging.

This includes a complete range of social, recreational, health and educational programs. Our Center is well known in the community for meeting the needs of frail, isolated seniors who depend on our traditional services such as homebound meals, outreach counseling and referral, and adult day care. However our building is full each day with active seniors who are striving to maintain their health and committed to learning new skills, engaging in programs that protect their health, prevent isolation and provide an opportunity to give back to help others.

- AAA1B Senior Nutrition federal grant program: Feeds 250 homebound seniors 60,000 meals per year and 10,000 on site meals per year. Meals are prepared by Waterford School District (WSD) food service staff. Meals are packed and delivered by volunteers under the supervision of Senior Center staff. This federal grant program is carefully monitored by AAA1B and requires careful management of records, finances and procedures. This program is funded by the Federal grant and local match dollars raised by fundraising and meal donations which are suggested at \$3.00 for adults 60 years and older. Our 2019 Walk and roll for Meals raised \$49,087.00 to support this program. Our onsite meals include the daily lunch served to the adult day care group and the seniors who gather for lunch and fellowship in the Bistro. This daily lunch program is required as part of the AAA1B Federal grant. Our nutrition department also holds senior healthy eating seminars such as how to prepare low budget healthy meals, better heart health and cooking for special diets like gluten free and diabetic meals.
- Outreach Services in affiliation with Elder Resource Solutions, LLC provides on-site services with a licensed MSW. This position was reduced from full time WSD employment to average of 20 hours per week independent contractor status to reduce the budget deficit in 2018. Our Outreach services handles approximately 150 calls each month for prescription assistance, Medicare, Medicaid counseling, housing and health care referrals, fraud and abuse concerns to name a few. Our annual Senior Expo and Senior Law Day are events that link seniors with important health screenings, lifestyle resources and legal education and resources. This department schedules senior education classes for physical and mental health issues as well as safety, fraud and abuse prevention. Grief support groups are scheduled monthly. We coordinate monthly "Ask the Nurse" health screenings and free hearing screenings twice a month. This department is funded primarily through fundraising and donations and subsidized by the adult day care program. In our current fiscal year \$14,00 was raised in specific Outreach fundraising. Our 501c3 group Advocates for the Waterford Senior Center also is working to raise funds to support outreach services.
- Encore Adult Day Service program operates Monday through Friday 8am-4pm. This program provides a safe welcoming environment for adults who need socialization in a supervised setting. This is a respite program that allows family caregivers to take time away from 24 hour

care. These participants are guided through the daily activities of living, provided snacks, lunch and activities designed to engage and entertain them such as music, reminiscing and exercise. The staff are trained to provide assistance with personal care such as toileting and hygiene assistance, meal assistance, ambulation and transfer assistance and medication reminders. This program is funded by private pay based on \$8.00 an hour and by a small percent (less than 4%) of Direct Service Purchase AA1B clients who pay with a Medicaid Waiver fee. This program is heavily regulated by AAA1B and requires professional supervision to maintain the standards of care required to receive Federal Medicaid funds. We are currently in the application process to receive federal Veterans funds. Our daily average attendance is 18 participants and we serve 40 participants each month. Our typical participant has a medically diagnosed cognitive issue such as Dementia, Alzheimer's, stroke disorder, closed head injury, multiple sclerosis or Parkinson's disease. Our average age is 73 with our oldest client being 98 and our youngest 44. We also offer 2 Caregiver support meetings each month in affiliation with the Alzheimer's Association and annual caregiver trainings held with AAA1B.

- AARP Tax assistance program is held each year during tax season. This year we have scheduled 1,200 appointments in our computer lab. When we reviewed the viability of continuing this program with our reduced staff, we realized that there was no other option in Waterford to provide the equipment and support needed to operate. We actually had a committee look for options. While the actual tax work is completed by AARP trained volunteers the appointments are scheduled in our front office. This takes a huge amount of time from late December through April 15th. Our office staff consists of 2 people heavily supported by trained senior volunteers. We recently spent over \$5,000 to upgrade the computer lab to accommodate this program to serve our community.
- Programs, recreation and travel are an important part of our daily operation and while some are duplicated with our Golden Age programs at the Township many are unique to our Center. We have a very active woodshop group who mentor novices, work on individual projects, group projects for fundraising for equipment maintenance and supplies as well as volunteer projects to help the Center and Preschool programs. We have woodcarvers and quilters who both meet twice a week. We have Project Linus who make blankets for hospitals. We have a gift shop open to the public Monday – Friday 10-3 featuring handcrafted items made locally by our members with 25% of all funds raised returning to support our Center. We have a weight loss group, Taking Pounds off Sensibly that meet here weekly. We have our Waterford Jam session in our Bistro every Thursday from 1-4pm. This group welcomes music lovers of all abilities to bring instruments and voices to the group. We have the Flight Sims for Seniors where seniors can experience the joy of flying with sessions available Monday, Wednesday & Friday from 9 -3. We are the home to the Waterford Garden Club who meet here monthly, and the S.A.Y. Seniors and You video group who meet here monthly and work with Media Network to train seniors in television production skills such as directing, filming, graphics and hosting programs. We have a computer club who meet monthly. We provide weekly meeting space for hearing impaired adults and Community Network disabled seniors. We are proud of our special theme events

and holiday parties – while these may be duplicated with our Park & Rec group we are proud to celebrate these events with our seniors. Our annual Veteran’s celebration is a very well established tradition in Waterford with veterans receiving the meal at no cost. Our special event luncheons are made possible by contributions from our Community Partners who donate to support to the added costs of meals and entertainment. These meals are enhanced by our own Waterford Mott High School honor students who serve and clear our meals family style. Both Mott and Kettering provide entertainment at select special events. We have a full offering of daily activities and classes for health, exercise, art , dance and recreation such as cards and billiards. This includes Therapeutic Yoga and Senior Fit classes from St Joseph Mercy Hospital, a Tai Chi class & a mediation group. We have a book resale that offers paperbacks 4 for a dollar.

- Volunteer opportunities are a very important part of our healthy senior program. Our very small staff could not operate without the dedication and skills our members provide. From packing and delivering homebound meals, teaching classes, answering phones, waiting on customers, leading member orientation tours, to assisting in the adult day care, working with preschool or setting up special events, working fundraisers such our annual Enchanted Evening, our Walk for Meals, bake sales, craft shows, or the flea market. We could not exist without our member volunteers who enhance their own lives and health by volunteering.
