6. Open Business**6.1 Possible Adoption of Zoning Ordinance 2022-Z-012; Text Amendment: Updates to the Sign Ordinance**

The following memo was received from Jeffrey M. Polkowski, Superintendent of Planning and zoning.

This proposed Zoning Ordinance text amendment has been drafted by the Townships Corporation Counsel with input from the Planning Division.

It is Council's opinion that restrictions in the sign ordinance on ideological, memorial and holiday signs are problematic based on the U. S. Supreme Court case *Reed v Town of Gilbert* 576 US 155 (2015), which ruled that content based regulations that rely on the communicative content of the sign are unconstitutional.

This proposed ordinance amendment removes any restrictions that have been deemed unconstitutional and now offers content neutral regulations to the sign ordinance. Content neutral regulations are ones that don't target the sign's communicative message and may be limited to time, place and manner.

In addition to these changes, staff is proposing an amendment to increase all commercial sign heights by 2 feet. It is the hopes of Township staff that allowing an increase in height would incentivize business owners to remove and replace legal non-conforming signs that greatly exceed what the Zoning Ordinance would allow today.

Planning Commission Recommendation and Findings

The Planning Commission reviewed this proposed Zoning Ordinance amendment at the regularly scheduled meeting on June 28, 2022 and resolved unanimously, to forward a favorable recommendation to the Township Board.

Possible Adoption of Zoning Ordinance 2022-Z-012: Text Amendment: Updates to the Sign Ordinance Continued.

Motions

Based upon the Planning Commission's favorable recommendation at the June 28, 2022 regular meeting for this Zoning Ordinance amendment, should the Board want to consider adopting the requested Zoning Ordinance amendment, the appropriate motion would be to introduce the attached Ordinance and schedule it for possible adoption at the July 26, 2022 meeting. However, if the Board does not want to adopt the requested Zoning Ordinance amendment, the appropriate motion would be to not introduce the Ordinance and deny the amendment.

Should you have any questions prior to Tuesday's meeting, please do not hesitate to reach out to me.

Moved by Bartolotta,
Seconded by Thomas, RESOLVED, to adopt Zoning Ordinance 2022-Z-012, Text Amendment: Updates to the Sign Ordinance. A roll call vote was taken.

Ayes: Wall, Markee, Thomas, Bartolotta, Hauswirth, Matsura, and Monohon

<i>New to fleet</i>		
2023 Chevrolet Silverado 2500 4x4 Work Truck Edition - Admin (Derek V)	59044-97136	\$46,841
<i>New to fleet</i>		

The DPW tries to buy a few vehicles every year and keep our fleet updated so we do not get in a situation where we need to replace a large portion of our fleet in one year putting unnecessary strain on the budget. The specs for these vehicles are attached to this memo for your reference.

Our department has managed to secure Government pricing for these vehicles at Bowman Chevrolet. There is at least a 4-6 month wait to get these vehicles once they have been ordered.

These trucks will require budget adjustments because we are buying these trucks for 2023 before the budget hearings. When we do the budget hearings for 2023, we will request vehicles for 2024. Until the supply chain gets corrected, pre-ordering these vehicles seems like it will be the best way to ensure both availability and government pricing for the DPW.

<u>Budget Adjustment Request</u>	
<u>Account #</u>	<u>Amount</u>
59041-97136	\$53,330
12650-97136	\$53,330
59044-97136	\$99,332
59055-97136	\$46,841

Requested Board Action:

1. **Approve a budget amendment in the amount of \$46,841 to account number: 59055-97136.**
2. **Approve budget amendments in the amount of \$53,330 to account numbers: 12650-97136 and 59041-97136.**

4. **Authorize the purchase of the 4 listed Chevrolet Silverado 4x4 Work Trucks and the 2023 Chevrolet Tahoe from Bowman Chevrolet.**

Moved by Bartolotta,

Seconded by Thomas, RESOLVED, to approve a budget amendment in the amount of \$46,841.00 to account number 59055-97136; 2) to approve budget amendments in the amount of \$53,330 to account numbers 12160-97136 and 59041-97136, 3) \$99,332 to account number 59044-97136, and 4) to authorize the purchase of the 4 listed Chevrolet Silverado 4x4 work trucks and the 2023 Chevrolet Tahoe from Bowman Chevrolet. 7.2 Ferguson Waterworks Purchase Request And Budget Amendment

The following memo was received from Mr. Justin Westlake, DPW Director.

Please review the attached quotes from Ferguson Waterworks, a Waterford Township 2022 approved single source provider for water service and distribution products.

<u>Ferguson Waterworks Materials Orders</u>	<u>Account Number</u>	<u>Total</u>
Distribution Department	59042-77000	\$92,783.85
Service Department	59043-76900	\$165,709.64

One quote is for equipment for our Service Department which includes water meters, R900 meter reading devices, gaskets, and associated hardware. The other quote is for our Distribution Department which includes materials to connect customers to our water distributions system, and materials to fix water main breaks and service line leaks.

We are also requesting a budget amendment to order the Distribution department supplies ahead of the 2023 budget season because our vendor has indicated a 30-week lead time on many of the products we need, brass products in particular (meters, saddles, corps, stops, three-piece unions). The budget amendment request is for \$92,783.85 to account number 59042-77000.

The quote for the Service Department will not require a budget amendment.

Requested Board Action:

- 1. Approve a budget amendment to account # 59042-77000 in the amount of \$92,783.85.**
- 2. Authorize DPW to make the purchases indicated on the attached quotes from Ferguson Waterworks.**

Moved by Bartolotta,

7.3 Annual Wastewater Treatment Charges Pass-Through

The following memo was received from Mr. Justin Westlake, DPW Director.

Please see attached memo from Derek Diederich, DPW Administrative Superintendent and Township Budget Director, referring to the wastewater treatment charge increase from the Clinton-Oakland Sewer Disposal System (COSDS). This is the annual rate increase from the COSDS.

Annual Wastewater Treatment Charges Pass-Through

This rate increase originates with the Great Lakes Water Authority (GLWA) that operates the southernmost portion of the collection system and Water Resource Recovery Facility in Detroit. The Oakland-Macomb Interceptor Drain Drainage District (OMIDDD) operates the combined Oakland and Macomb County's sewer interceptor system that eventually drains to GLWA. Waterford Township Wastewater flows first to the COSDS system directly before flowing to the OMIDDD system then to the GLWA. Waterford residents and businesses rely upon these organizations to treat our wastewater, and their rate increases make it necessary for us to raise our sewer rates accordingly. This rate increase will represent an estimated annual increase to the average Waterford Township sewer customer of \$15.20 per year.

This is a direct pass-through charge from COSDS, Waterford Township's contracted treatment provider, to the Township's sewer customers. Waterford Township DPW does not benefit from this rate increase and will receive no extra revenue.

The Board should also know that GLWA and their subsidiaries removed the charges initially proposed in 2023 for the Highland Park bad debt expense.

Requested Board Action		
Approve the proposed sewer rates as outlined, Effective August 1, 2022		
Customer	Charge	Per Quarter Charge
Sewer & Water	Ready to Serve	From \$70.98 to \$72.35
Sewer Usage	Use	From \$3.90 to \$3.95 per 100 Cubic Feet/per quarter
Sewer Only	Flat Ready to Serve	From \$127.25 to \$131.45
Industrial Waste Control (IWC)		Adjust rates as outlined in WRC 2022/2023 Rate Change Letter

Moved by Bartolotta,

Seconded by Markee, Resolved, to approve the annual Wastewater Treatment Charges Pass-Through as requested above. A roll call vote was taken.

Ayes: Wall, Markee, Thomas, Bartolotta, Hauswirth, Matsura, and Monohon

Nays: None

Absent: None

Motion carried unanimously.

7.4 **Lot Split Variance Request; Frericks, 7580 Maceday Lake Rd, 13-06-451-022**

The following memo was received from Scott Alef, Community Development Grant Coordinator.

Due to the following comments, this office cannot administratively support the split request as presented.

Per the survey provided with the application and prepared by James W Isaacs Jr., the request involves splitting the parent parcel (13-06-451-022); having frontage on Maceday Lake Road and is in the R1-A district, into two (2) resultant parcels parcel #1 and parcel #2. However, based on

Lot Split Variance Request; Frericks, 7580 Maceday Lake Rd, 13-06-451-022 Continued.

the survey, the resultant parcel #2 fails to meet the minimum lot size per the Township Code of Ordinances and Zoning Ordinance.

Sec. 15-054(a) - Lot areas and widths shall conform to the minimum requirements of the zoning district in which the subdivision is located.

Zoning Ordinance Sec 3-900. - Minimum lot area for R-1A zoning is 9,800 square feet (modified to 7,685 via Zoning Board of Appeals approval).

Specifically, resultant parcel #2's area is 7,222 square feet, which is 2,578 square feet less than the zoning district requirements. On November 16, 2021, a variance was granted by the Zoning Board of Appeals allowing for a 2,115 square foot reduction in required lot area. An error by the surveyor incorrectly identified the resulting lot area for parcel #2 though the boundary dimensions were correctly presented to the ZBA. As this results in a parcel that is 463 square feet less than the modified required lot area of the Zoning Ordinance the request cannot be administratively approved.

An administrative denial of a land division request can be appealed to the Township Board. Per **Section 15-006** of the ordinance, the Township Board shall have the power to fully or conditionally vary or modify one or more regulations in this Chapter upon finding practical difficulties or unnecessary hardships in the way of carrying out the strict letter of this Chapter, such as topographical and other physical characteristics of a parcel or other difficulties which are not self-created or financial in nature, and:

Mr. Jerry Frericks, 7580 Maceday Lake Rd addressed the Board of Trustees. Mr. Frericks built his home 17 years ago. The house is too large for him, particularly the lot is too large and hard to maintain. By dividing, the lot would be 11,900 sq. ft. and the other lot would be 7,222 square feet.

Mr. Jeffrey Polkowski addressed the Board of Trustees. Planning and Zoning does not recommend against the lot split.

Moved by Bartolotta,

Seconded by Hauswirth, RESOLVED, to approve the **Lot** Split Variance Request, Frericks, 7580 Maceday Lake Rd, 13-06-451-022. A roll call vote was taken.

Ayes: Wall, Markee, Thomas, Bartolotta, Hauswirth, Matsura, and Monohon

Motion carried unanimously.

7.5 Recommendation to Payoff Remaining Interfund Loan

The following memo was received from Derek Diederich, Budget Director and DPW Admin. Superintendent, and Barb Miller, Assistant Budget Director and Accounting Mgr.

In 2001, the current Department of Public Works Building was constructed. This building houses the Water and Sewer Branch which is funded by the (590) Enterprise Fund, or water-sewer rate payers. The other portion of the building is occupied by the Facilities and Operations Branch. This branch is funded by tax revenues from the Township's (101) General Fund.

When the building was constructed the Township board at the time authorized the building to be paid for via cash/fund balance from the (590) Enterprise Fund. The F&O-General Fund portion was accounted for by instituting an interfund loan from the General Fund to the Enterprise Fund. Please see the attached amortization schedule for a breakdown of the loan and its related terms and components.

The interfund loan had an initial term of 30-years. The estimated payoff at the end of June 2022 would be: \$762,068.05. If the board were to elect to take this opportunity the general fund would realize an estimated \$106-K in interest savings over the remaining life of the loan. This would also have the effect of freeing up approximately \$108-K in annual operating space in the general fund by relieving itself from the aforementioned loan. Page 55 of the 2022 Budget displays the interfund principal and interest portions of what is being discussed.

At the end of Fiscal Year 2021, the Township's General Fund had an unassigned Fund Balance of \$11.8 – million. This amounts to an estimated 58% of annual operating expenditures. The writers of this memo believe this level constitutes an opportunity for the Township to relieve this loan from its obligations and garner some worthwhile interest savings.

Recommended Board Action:

Authorize Township Financial Staff to effectuate the transfer of \$762,068.05 from its (101) General Fund to its (590) Water Sewer Enterprise Fund for the purpose of paying off the 2001 DPW Building Interfund Loan.

Moved by Markee,

Seconded by Hauswirth, RESOLVED, to authorize Township Financial Staff to effectuate the transfer of \$762,068.05 from its (101) General Fund to its (590) Water Sewer Enterprise Fund for the purpose of paying off the 2001 DPW Building Interfund Loan. A roll call vote was taken.

Ayes: Wall, Markee, Thomas, Bartolotta, Hauswirth, Matsura, and Monohon

Nays: None

Motion carried unanimously.

7.6 **Request for Authorization of Tri-Party Project – Walton Blvd. (Sashabaw Road East to Clintonville Rd)**

The following memo was received from Jeffrey M. Polkowski, Superintendent of Planning and Zoning.

The Tri-Party Program is a cooperative funding partnership between Oakland County, the Road Commission for Oakland County (RCOC), and Waterford Township that allows the Township to effectively designate funds toward improvement projects located within RCOC rights-of-way. Specifically, through the Tri-Party Program, each of the agencies named above provides 1/3 of the total cost of a designated improvement. As it currently stands, Waterford Township has adequate tri-party funding available for this project.

That said, staff has been in communication with the RCOC and the Michigan Department of Transportation (MDOT) over the last few years regarding much needed improvements to Walton Boulevard. This project will be completed in three phases. Phase one from Dixie Hwy. East to Sashabaw Rd. was completed in 2021. Phase two from Sashabaw Rd. East to Clintonville Rd. is scheduled to start in the last week of July 2022 with a mid-fall 2022 completion date. The estimated cost of the phase two portion of this project is \$4,362,851. The MDOT federal funding for this project is \$3,708,423. That leaves a balance of \$654,428. Waterford Township has elected to use tri-party funds to cover our share of the project costs with a local match of \$109,071 which will be invoiced to Waterford Township by RCOC.

We have reviewed the enclosed cost participation agreement provided by RCOC and have no objection recommending that the Board:

- 1) Pass a motion approving the Township Supervisor's signature to the enclosed Cost Participation Agreement prepared by the RCOC for this project.
- 2) Direct staff to allocate \$109,071 out of the Improvement Revolving Fund – Road Match Expenditure line item in the 2022 budget (24690-96730-4879) to cover the expenditure as cited in the agreement

Moved by Markee,

Seconded by Hauswirth, RESOLVED, to authorize the Township Supervisor's signature to the enclosed Cost Participation Agreement prepared by the RCOC for this project. Furthermore, to allocate \$109,071 out of the Improvement Revolving Fund – Road Match Expenditure line item in the 2022 budget (24690-9670-4879) to cover the expenditure as cited in the agreement. A roll call vote was taken.
