  - 2.3. It's almost that time again! Spring cleanup is right around the corner. For Waterford GFL curbside collection customers, unlimited yard waste will be collected weekly from April 1 - December 13, 2024. Place yard waste in brown yard waste bags or plastic 32-gallon containers clearly marked as yard waste facing the street. For permanent containers, stop by Town Hall or the Department of Public Works for COMPOST stickers; brown yard waste bags don't need to be marked. Compost in plastic bags will not be accepted for compost pick-up. Branches no more than two inches in diameter, no longer than four feet in length, and bundled in batches are accepted curbside. Bundles and containers must weigh less than 50 pounds. For a full list of yard waste details, please visit the Waterford Township website at [www.waterfordmi.gov/trash](http://www.waterfordmi.gov/trash). Questions? Call Waterford's dedicated GFL phone number at 248-204-6762.
  - 2.4. Starting April 1, 2024, residents, businesses, and visitors will begin to see trucks from Wachs Water Services (photo below) throughout the Township completing the DPW Valve Assessment and Exercising Program. The Wachs Water Services crews will be assessing and exercising approximately 3,800 valves in the water distribution system. If required, crews will complete minor repairs on a number of the valves. The valves are located in green belts, easements, and along roadways, usually in wells with manhole covers. The crews may have to close traffic lanes for short periods of time for their safety and the safety of motorists. Patience and understanding would be appreciated. The project is expected to take four to five months. It will start in Section 1 of the Township and continue through each section sequentially. If you have questions or concerns, contact the DPW at (248) 674-2278.
  - 2.5. Volunteers are needed for the 9th annual Earth Day Township cleanup event on Saturday, April 20th.
