Motion carried unanimously.

Consent Agenda Continued.

Trustee Wall motioned to approve the consent agenda, and Trustee Gilbert seconded the motion.

Trustee Harris requested the following amendment be made to Consent Agenda Item 8.2 - February 10, 2025, Meeting Minutes (Work Session).

There was a lot of discussion regarding Plante Moran Realpoint PMR contract signing and when invoicing began between Trustee Harris, Supervisor Bartolotta and the board members. Trustee Harris is concerned with oversight of the project and costs. Harris confirmed with Supervisor Bartolotta that the contract was signed the day after the last board meeting January 28, 2025 and that as Harris read the contract, that is when Plante Moran Realpoint PMR started charging the Township for advisory services of approximately \$26,500 a month for the 1<sup>st</sup> 12 months. Supervisor Bartolotta and some other board members were unsure of the start of invoicing, so Trustee Harris asked Attorney Joellen Shortley for her opinion of the contract language and to clarify for the other board members. Attorney Joellen Shortley confirmed that PMR was probably invoicing for the last two weeks if we received an invoice yet or not per the contract language.

Trustee Harris then re-stated that since PMR was on the clock now for two weeks approximately \$13,250 that he would like a report from the Parks and Rec Bond project committee Anthony Bartolotta Supervisor, Alison Swanson Parks and Rec Director, Jeff Gilbert Trustee, and Gary Wall Trustee.

Supervisor Bartolotta stated he thought there was a meeting coming up later that week Thursday and some discussion ensued. After that discussion Trustee Harris again stated, so that it would not be a surprise for the board at the next meeting, that he would be looking for full transparency and reports at every board meeting on this project throughout the duration of the project for the next 36 months with two reports monthly to coincide with our regular meetings.

Requested reports to contain

- 1) Financial tracking of the contract and accounting of the to date expenditures for the base contract and any extras.
- 2) What was accomplished for the 1<sup>st</sup> payment of approximately \$13,250
- 3) What will be accomplished for the 2<sup>nd</sup> payment of approximately \$26,500 total expenditure plus extras if any.
- 4) Who at PMR performed work during the two-week reporting period and what tasks were completed. (updated every report)
- 5) Will Andy Foutain and Robert Stempien be reporting and involved throughout the project?
- 6) What are the actual dates of the following
  - a. The advertisement for Architectural services.
  - b. The advertisement for CM Construction Manager services
- 7) Where will the advertisements for Architect and Construction manager be placed?
  - a. Supervisor Bartolotta asked, "Do you want us to advertise in the Free Press?" Trustee Harris Responded, "sure that would be fine."
  - b. Trustee Harris stated he would like those service requests to be advertised in as many places as possible to include the recognized Construction Reporting services for Southeast Michigan and all government construction reporting services. Some private examples with CAM Construction Association of Michigan, GBRX if still around Grand Rapids Builders Exchange, Plan Hub, Blue Book. Many to contact.
  - c. Trustee Harris stated that we should get that advertisement information and due date for bids from PMR and the newly formed official- unofficial committee, well in advance so that we can all spread the word and so that the competition is expanded for many qualified professionals to have time to consider the project and throw their hat in the ring for this desirable Waterford Township major construction project for the new Parks and Recreation location.

Consent Agenda Continued.

- d. Trustee Harris also stated that he wants this process to be transparent for the Waterford Taxpayer.
- e. Trustee Harris also stated that he voted yes for PMR because he had a discussion with them and Andy and Robert assured them that they thought a transparent CM Construction Manager was the best route to go for transparency and with the amount of time we have to set that all up in advance seeing that we cannot even start physical construction until we close on the building sometime mid 2026 or at the end of 2026.

Moved by Wall,

Seconded by Gilbert, RESOLVED, to amend consent agenda item 8.2 - February 10, 2025, Meeting Minutes (work session), as requested by Trustee Harris. A roll call vote was taken.

## **8.5 Parks and Recreation Advisory Board - Appointment of Mary Bartolotta**

Recently, I received from Matthew Lawton a resignation from the Waterford Parks and Recreation Advisory Board. Matthew has served on in this position since 2022, making valuable contributions as part of the Rec Board team. We are thankful for his service to the community in this capacity and wish him well.

The Waterford Township Parks and Recreation Department as directed by its Board serves a critical role in providing programs and services related to enhancing the quality of life for Waterford residents, as well as conserving and protecting the Township's natural resources.

Parks and Recreation Advisory Board - Appointment of Mary Bartolotta Continued.

To fill the vacancy created by Mr. Lawton's resignation, I respectfully request the Township Board's approval for the appointment of Waterford resident Mary Bartolotta to the Parks and Recreation Board to complete Matthew's term through December 31, 2026. Mary has recently retired from full-time employment and is interested in volunteering more within her community.

With Mary's professional experience with Oakland County Youth Assistance, and her passion for local parks, and the recreation services the Parks and Recreation department provides, I believe she will serve the community well in this capacity.

Thank you for your consideration.

Moved by Wall,

Seconded by Gilbert, RESOLVED, to appoint Mary Bartolotta to the Parks and Recreation Advisory Board, partial term through December 31, 2026. A roll call vote was taken.

Ayes: Bartolotta, Thomas, Gilbert, Harris, Hauswirth, and Wall

Motion carried unanimously.

**9. Board Liaison Reports (Verbal)**

Trustee Harris

Attended a Waterford Youth Assistance meeting.

Trustee Wall

Reviewed the progress of the Riverwalk extension. Saturday, June 28, 2025, at 11:00 a.m. the church at Tubbs Road and Crescent Lake Road will be a ribbon cutting of the "Riverwalk Extension."

Treasurer Thomas

The Winter Tax season is complete.

Trustee Gilbert

Thanked Trustee Harris for "getting on board" with the Community Center. Tomorrow meeting is a special approval case coming before the Planning Commission regarding "Short Term Rentals."

Trustee Gilbert read the following from Kathy and John Loftus, 2554 Silverside Dr.

"We've had discussions on short term rentals a few times now so you all know the position John and I have, however, since our opposition is shared by so many in our community, we believe it's helpful to keep repeating these points that are inclusive to all short-term rentals;

They have a:

- Negative impact on the privacy of the neighborhood.
- High Risk associated of the safety and security of the neighborhood.
- Significant reduction in homeowner value for all adjacent properties, which also impact everyone else.

Board Liaison Reports (Verbal) Continued.

The community within Silver Lake is opposed, same for Watkins Lake, Loon Lake, Schoolhouse Lake and Lake Angelus and those are just the few close to us that we know about. We'll bet other communities feel exactly the same. Truth is I'm not sure how many opposing this case you'll see on Feb 25<sup>th</sup> but that is partly because people are just busy and involved in their own stuff, but ALSO partly because they believe that the planning commission has their back and will vote in their best interest.

The Michigan Supreme Court has recognized "Short Term Rentals" as a business. Please don't agree to plop a business in our neighborhood. Vote to protect our local community.

Second Letter from Kathy and John Loftus

Courts around the country and here, all the way to Michigan Supreme Court, are upholding bans on Short-term Rentals in Residential Neighborhoods because the bans are...rationally related to the legitimate government interest of maintaining community character.

In addition to upholding the bans, the Michigan Supreme Court and others around the country are noting that..."Short-term tenants have little interest in our public agencies or the welfare of the surrounding citizens. They do not participate in local government, coach little league, or volunteer at the local library or hospital, or keep an eye on an elderly neighbor. Literally, they are here today and gone tomorrow – without engaging in the sort of activities that unite and strengthen a community."

Owners of Short-term rentals in residential neighborhoods have absolutely no interest in anything but generating a revenue stream that benefits only them – at all the surrounding citizens expense and freedoms.

Over 97% of people attending the 2024 Waterford Planning Commission Special Approvals meetings agreed with the Courts banning short-term rentals in Residential Neighborhoods. We in Waterford, alongside just about everyone else in this country, support the legitimate government interest of maintaining community character by banning short-term rentals in residential neighborhoods.

Respectfully submitted,

If you are opposed to Short Term Rentals, please attend the Planning Commission meeting on February 25, 2025.

**10.2 Amendment to Single Residential Waste Hauler Contract**

The following memo was received by Supervisor Bartolotta.

In 2019, Waterford Township executed a 5-year contract to commence March 20, 2020 with GFL Environmental to provide curbside residential waste collection services to Waterford customers. When GFL gave notice that they would no longer be providing residential waste hauling services in Southeast Michigan effective July 1, 2024, the Township Board authorized a contract amendment consenting to the assignment of its waste hauling services agreement from GFL Environmental to Priority Waste, LLC. This contract expires March 16, 2025.

The attached contract amendment will authorize an extension of this contract through March 31, 2026. Several items were discussed, negotiated, and are included as amendments 2.1 through 2.7 within the attached document.

Notably, at the direction of the Board of Trustees during several Board work sessions last year, Priority Waste has agreed to hold the same contracted Year 5 rates for one more year through March 31, 2026. With a built-in escalator in previous contract years, this reflects a minimum savings of 3% for Waterford customers. The extension also affords the Township the opportunity to collect \$31,940.14 to satisfy expenses incurred during the transition period from the prior waste hauler. Additionally, Priority Waste will mail a welcome letter to each Waterford customer as specified in 2.7 of the attached.

In the next few months, the Township plans to put out an Request for Proposal (RFP) for its next single waste hauler contract.

("Contractor"), which was effective on October 21, 2019 ("Contract"). The Contract was originally between Township and GFL Environmental USA, Inc. Township consented to the assignment of the Contract to Contractor. Amendment #1, executed on August 6, 2024, reflected the change in Contractors with all other requirements in the Contract remaining unchanged. This Amendment #2 shall be effective the date both parties sign it.

- 1. Amendment Purpose:** The purpose of this Amendment is to extend the term of the Contract for one additional year and to modify the terms and conditions as provided herein.
- 2. Amendment:** The following Sections shall be amended:

Dan Venet, Priority Waste LLC, addressed the Board of Trustees and answered their question. Specifically, regarding inspections on the trucks. Dan clarified that Priority Waste has scheduled maintenance on a monthly and quarterly basis, and they have their own Safety Department. All trucks have small spill containment kits in each truck. They will place a barrier to keep fluids from getting into a waterway. For larger spills they contact Priority Waste LLC and they will take necessary steps by applying agents to absorb.

Supervisor Bartolotta stated that Priority Waste has improved 100% from when they took over. Dan thanked Supervisor Bartolotta for his support and thanked the "team" that has worked with him. Service has improved drastically from October to November with a steady fleet base.

Moved by Hauswirth,  
Seconded by Gilbert, RESOLVED, to approve the amendment to the Single Residential Waste Hauler Contract between Waterford Township and Priority Waste LLC for a one year extension expiring on March 31, 2026. A roll call vote was taken.

**10.3 DPW Sewer Main Lining Project/Budget Amendment Request**

The following memo was received by Justin Westlake, DPW Director.

I am requesting Township Board approval for the cleaning, lining, and CCTV of 67 separate sewer mains totaling 18,299.6 feet of pipe in Waterford Township. The list of where these sewer mains are located is attached to this document. As you are aware, we have been using our sewer camera truck much more aggressively recently, the result of that is we have found areas in our system with issues such as tree roots infiltrating these sewers and cracked or disjointed pipes which can cause blockages and other related problems. To address this issue, we have obtained pricing from Pipeline Management Co. to have the attached sewers cleaned, lined, and CCTV'd to prevent future problems. Many of these sewers go across or under paved roads so excavating them will prove costly; therefore, we recommend lining them.

We are proposing to use Pipeline Management Co. to do this work for us. Pipeline Management is a single source vendor for Waterford Township and has a track record of doing quality work on projects we have hired them to complete in the past. The quote provided also includes all bypass pumping and traffic control. Additionally, they offer Waterford Township pricing from their contract with the Oakland County Water Resource Commission, which was competitively bid, and will ensure fair pricing on this project, while also having confidence the job is done correctly and professionally with as little disruption to our system and our citizens as possible.

Cleaning, lining, and CCTV of sewer pipes is a budgeted expense for 2025, and we are confident that this work will prevent future issues with these mains. We believe that it is in the best interest of Waterford Township to move forward with this project as soon as possible to prevent future backups and potential health hazards.

The cost of this project is estimated at \$1,203,628.21. I also request a 10% contingency in the amount of \$120,363 for this project for a total of \$1,323,991.21 to be taken from account # 59055-97010. Please see the chart below for a breakdown of the costs.

10% Contingency	\$ 120,363.00
<b>TOTAL:</b>	<b>\$ 1,323,991.21</b>

The volume of pipe we are looking to line exceeds the amount we anticipated during the Budget Hearings for 2025. For reference, in 2024 we lined 59 separate sections of sewer, this year we are at 67 sections. We allocated \$1,078,250 for this work, so I am also requesting a budget adjustment in the amount of \$245,742. I understand the size of this budget adjustment is substantial; however, this is one reason why the Water & Sewer Fund keeps a healthy fund balance, so we can overcome these financial obstacles when they arise and properly address deficiencies in our system. I met with Derek Diederich from the Budget Department on this potential budget adjustment, and he agreed that we have an adequate fund balance to recommend such an amendment for the work being discussed here. Also, the fact that we will be using fund balance to make these repairs means the added cost will not result in a rate increase for our Water & Sewer customers.

If you have any questions or concerns about this proposal, please do not hesitate to contact me.

**Township Board Requested Action:**

- 1. Approve Pipeline Management to complete the attached sewer lining work for a price not to exceed \$1,323,991.21.**
- 2. Authorize a budget adjustment to account number 59055-97010 in the amount of \$245,742.**

**10.4 Purchase Authorization of a 2025 GMC Sierra Pick-Up Truck for the Waterford Regional Fire Department**

The following memo was received by Justin Westlake, DPW Director.

Please authorize the Waterford Township DPW to purchase 1 new 2025 GMC Sierra 2500 HD pickup truck from Todd Wenzel Buick GMC of Westland for \$58,880.00 for the Fire Department. The spec sheets and quotes are attached to this memo for the Board to review. The DPW is assisting the Fire Department with this purchase because we are also procuring a couple vehicles from this dealership, and it is more efficient to have one point of contact for these purchases from Waterford Township.

Todd Wenzel Buick GMC of Westland is a vendor that will allow us to get pricing from the MiDeal contract to ensure we get fair pricing. The purchasing staff at Waterford notified our department that we should do our best to utilize this pricing if possible.

This vehicle will be utilized by the Fire Department as the new command vehicle for daily operations.

This vehicle was approved at the 2025 Budget Hearings for \$75,000; so, this purchase is well below budget. This purchase will be coded to account # 20630-97136

**Requested Board Action:**

- 1. Authorize the purchase of the attached 2025 GMC Sierra from Todd Wenzel Buick GMC of Westland in the amount of \$58,880.**

Fire Chief Nye addressed the Board of Trustees. He thanked Justin Westlake, Director of DPW, for working together to bring the cost down by \$16,000.00. This truck will be implemented and replace an older truck. The older truck will move down the fleet.

Moved by Hauswirth,

Seconded by Gilbert, RESOLVED, to authorize the purchase of a 2025 GMC Sierra from Todd Wenzel Buick GMC of Westland in the amount of \$58,880. A roll call vote was taken.

**10.7 Bond Legal Counsel Recommendation – Community Center Project**

The following memo was received by Derek Diederich, Budget Director and DPW Admin. Superintendent, and Barb Miller, Assistant Budget Director and Accounting Mgr.

After the successful millage proposal in November of 2024 the Township has a need to obtain the services of legal consultants with specific expertise in the area of municipal bonds. There are many requirements with respect to legal reporting, draft resolutions, preparation and review of documents required for competitive bond sale to make the Community Center Project a successful reality. For the full list of services please see page 1 and 2 of the attached contract provided to the Township. To that end, the Finance Team at Waterford recommends utilizing the services of Dickinson Wright PLLC. This same firm was utilized in the past by Waterford for bond sales and bond refunding (which is similar to refinancing). They are a well-recognized firm in S.E. Michigan with respect to this specialized area of the law. The continuity and professionalism that Dickinson Wright PLLC will bring to this project should serve Waterford, the Board and Citizens well.

Please see Dickinson Wright's Fee structure on page 3 of the attached proposal. We estimate Waterford's costs for legal counsel for this project to be \$96,410. This assumes (2) bond sales based on this project's needs and timetable. Please keep in mind, that if the Township requests additional help beyond the scope described in the attached proposal there would be some additional charges. Please see the attached contract from Eric McGlothlin from Dickinson Wright PLLC as well as his firm's proposal.

For the purpose of providing interim funding for the Community Center Project it is possible and recommended that the Township Board authorize a transfer from the Township's General Fund to the Construction Fund. After such time that the first of two bond sales occur the Construction Fund will then have the ability to transfer back the eligible expenses to the Township's General Fund. The need at this time to conduct this preliminary transfer is in the area of professional services. Specifically, Plante & Moran Real Point (Owners Representative), Baker Tilly (Financial Consultants), and now Dickinson Wright (Legal Consultant).

**Board Recommendation:**

1. To authorize the Supervisor and Finance Team to engage Dickinson Wright PLLC as the Legal consultant for work on the 2025 Community Center Bond Project.
2. Authorize the Finance Team to increase the appropriate expense line item(s) in the Construction Fund.
3. Approve a Budget Amendment from the General Fund (101) to the Community Center Construction Fund (406) in the amount of:

\$12,500 – Baker Tilly (Bond Financial Counsel)  
\$96,410 – Dickinson Wright (Legal Counsel)  
\$159,000 – Real Pointe (Owner's Representative) – 6-Mo. Schedule  
\$267,910

Barb Miller, Assistant Budget Director and Accounting Manager addressed the Board of Trustees. Trustee Harris inquired about the attorney fees. Miller clarified that there is a schedule in the contract and the estimated cost is \$96,410.00, for both series of bonds.

Bond Legal Counsel Recommendation – Community Center Project Continued.

Moved by Gilbert,

Seconded by Hauswirth, RESOLVED, to authorize the Supervisor and Finance Team to engage Dickinson Wright PLLC as the Legal consultant for work on the 2025 Community Center Bond Project, to authorize the Finance Team to increase the appropriate expense line item(s) in the Construction Fund; and to approve a Budget Amendment from the General Fund (101) to the Community Center Construction Fund (406) in the amount of: \$12,500 – Baker Tilly (Bond Financial Counsel), \$96,410 – Dickinson Wright (Legal Counsel), and \$159,000 – Real Pointe (Owner's Representative) – 6-Mo. Schedule for a total of \$267,910. A roll call vote was taken.

## 10.8 Recommended Township Per Diem Travel and Milage Updates

The following memo was received by Derek Diederich .

The Township has not adjusted its Per Diem Travel Rates since 2017. A recent review of the General Services Administration (GSA) Schedule for the Federal Government has indicated that our organization is reasonably below this standard. These rates and fees come into play when staff has the need to travel for conferences and training. Please see the attached GSA Schedule. We recommend utilizing the Pontiac/Auburn Hills Schedule for the locality sector.

Current Waterford Twp Rates:

Breakfast	\$ 8.75
Lunch	\$11.50
Dinner	<u>\$23.25</u>

Total Per Day \$43.50

General Services Administration (GSA):

Breakfast	\$20.00
Lunch	\$22.00
Dinner	<u>\$33.00</u>

Total Per Day \$75.00

Upon review the Township mileage rate for travel is also in need of updating. The current rate is \$.45 cents per mile. The Internal Revenue Service (IRS) rate for 2025 is \$.70 cents per mile.

We also recommend updating the Waterford Township Employee Handbook (Appendix A) with the new rates listed above. This handbook provides guidelines for travel and allowable expenses for employees.

**Recommended Board Action:**

Update Waterford Township's Per Diem Travel Reimbursement rates to the current GSA Rates for the Pontiac/Auburn Hills locality based on the GSA Schedule for 2025 and update the Waterford Township mileage reimbursement to the current IRS rate for 2025 and direct staff to update the Employee Handbook – Appendix A to reflect these changes.

Barb Miller addressed the Board of Trustees and answered their questions. The last update was in 2017.

**10.9 Public Comment: Non Agenda Items limited to three (3) minutes per person.**

After being recognized by the Supervisor, individuals in the audience may address the Township Board. The speaker must go to the podium and identify themselves with name and address.

Annette Winbarg, 3360 VanZandt

Ms. Winbarg shared concerns of being locked out of her vehicle. She also discussed being offended by a comment of "thanking the Drug Users for providing the funds." She shared a photo of her grand-daughter that died of a fentanyl overdose and shared her concerns. Trustee Bartolotta apologized that his comments hurt her and clarified his comments. He advised that the Coalition of Youth does have programs.

Police Underwood clarified that when Drug Dealers are arrested, they seize their assets and they forfeit their funds and items. Police Chief Underwood shared programs that have been initiated over the years: Families Against Narcotics, Hope Not Handcuffs, a Quick Response Team taking treatment to the doorstep. In addition, Police Officers and the Fire Department carry Narcan with them. The number of overdoses have decreased. He recommended to contact Families Against Narcotics as they could use her help.

Ms. Winbarg accepted Supervisor Bartolotta's apology.

She stated she appreciates the work of the Board of Trustees and the Police Department.

Trustee Harris inquired about Hope Not Handcuffs. Police Underwood stated that, Families Against Narcotics, does the initial interview. When they are taken back they do a searched for safety. If they have narcotics on them they take them, tag them, and allow them to get their treatment.
