5.4 Granite Inliner 2021 Purchase Order Requests

The following memo was received from Russell Williams, DPW Director.

The purpose of this submittal is to seek Waterford Township Board of Trustees Approval for the 2021 Purchase Order for Granite Inliner, a Waterford Township Approved 2021 Single Source Provider of sewer lining & cleaning services. Waterford Township Department of Public Works has a 17-year history using Liqui-Force, now Granite Inliner, for the trenchless rehabilitation of the sewer collection system. This process of Cured In Place Pipe (CIPP) is a cost effective alternative to an excavation and replacement of underground sewer lines.

The current contract was originated in 2015 and extended by the Waterford Township Board of Trustees twice, first, May 22, 2017, and most recently October 28, 2019, at a regular meeting of the Board of Trustees. This most recent contract extension will end December 31, 2021.

Trenchless sewer rehabilitation has been a large portion of our operating budget through the years, as illustrated below:

Granite Inliner 2021 Purchase Order Requests Continued.

This program has historically been very successful in reducing Infiltration & Inflow (I&I), ground water & storm water infiltration into the sewers and decreasing the number of blocked sewers in some of the oldest sewer lines in Waterford Township.

This is an expense of \$500,000.00 as approved during FY2021 budget discussions.

Recommended Board Action:

- **Approve the 2021 Purchase Order of \$500,000.00 to Granite Inliner from Account Number 59055 – 97010 Sewer Capital Infrastructure Preservation.**

Mr. Williams discussed the project with the Township Board.
