NEW BUSINESS**1. Accounting Department Staffing**

The following memo was received from Barbara Miller, Accounting Manager/Assistant Budget Director.

The Township's Accounting Department has responsibilities that cover a broad range of duties which include accounts payable, purchasing, grants, assisting with budget, general ledger accounting and the annual audit. Accounting personnel also lend a hand during Elections. As with most departments in the Township, the Accounting area is thinly staffed in relationship to its work load. Recently, the Accounting Coordinator/Purchasing Agent for the Township became ill and will be on medical leave for an undetermined amount of time. In light of these combined situations, I am requesting that the department's part time Staff Accountant be moved to a full time status on a permanent basis. Moving this position from part time to full time would have an annual impact of \$22,890 for wages and have an estimated impact of \$9,795 for FICA and benefits. For 2016 the difference will be approximately \$27,685 (wages & benefits) depending on the start date of the change. I am requesting a budget amendment to the General Fund-Clerk's Department to implement this solution.

Our Staff Accountant is Julie Wallis. She has been with the Township in a part time capacity for over two years. When she started with the Township she already had a solid base of knowledge and experience. She is a skilled professional and is now a valuable part of the Accounting team. She is familiar with our systems and procedures. To keep the financial systems moving for all Township Departments this seems to be the most viable and reasonable option.

Attached is the job description for the Staff Accountant. As a full time position this will be in the M&A group as Grade 2. There is a minimal adjustment to place the position at this Grade. Julie would be placed at Step 5 since she has been part time in position for over two years.

Also attached is the Accounting Coordinator/Purchasing Agent position. The Job Description has been revised to minimize the Election Precinct Coordinator duties. I am also incorporating this change because the Accounting Department is covering too broad of a range of duties for its staffing level.

Thank you for your consideration concerning this budget request and these position adjustments.

10. Public Comments

Upon opening the floor for any additional comments, the following public comments were heard.

- ❖ Supervisor Wall read the following memo from Waterford Business Owner, Bob Redner, Motor City Steel LLC.

I would like to compliment you and your staff at Waterford Township on the help and encouragement I am getting on a building project at 3565 Elizabeth Lake Road. This is a building I purchased a year ago to move a business to Waterford. Motor City Steel is a classic car restoration shop. They have been in business for 10 years and outgrew their building in Commerce.

My first contract at Waterford was with Larry Lockwood. Larry seemed to want to do everything he could to help us succeed. He was very helpful in guiding us through the site planning process. We are taking an old, underutilized building and are completely renovating it. The old office section was removed and replaced with a modern office/showroom. We have made the building very energy efficient with new insulation and lighting. Throughout this process everyone in the building department from Brent Gibson on down has been very helpful, always available to answer questions and offer guidance. This is a refreshing change from other building projects I have done in surrounding communities.

With these kind of people running Waterford, I see a positive future for the township.
