**6. OLD BUSINESS****6.1. Rezoning Case No. 17-06-03; Vacant Parcel (Formerly 5385 Highland Road)**

The following memo was received from Larry Lockwood, Superintendent of Planning and Zoning.

**Zoning History and Analysis**

This rezoning application is by API Architectural Planners, Inc. and is a request to rezone the subject property (formerly 5385 Highland Rd.) from the O-1, Local Office District to the C-1, Neighborhood Business District.

The property was initially developed as a gas station site in 1961. The property became vacant and in disrepair around 1993 and was finally demolished in 2009. Since then, the property has remained vacant.

In reviewing the zoning history, the property became viable for commercial business opportunities in the 1960's when this area along Highland Rd. was rezoned from Agriculture to Commercial. In 1963, the property was rezoned to C-2, General Business and remained under that classification until 2010.

In 2010, the Township updated the Master Plan and land use maps for the community. During that review, it became evident that some of the existing single family homes that are part of the Highland Estates and Holiday Farms subdivisions on the south side of Highland Rd. (between Jeffwood and Dundee), had been converted to local office uses. It was determined that the O-1, Local Office would be the best zoning classification for those properties.

<b>Zoning History:</b>	1950 – 1960:	Agricultural 1
	1960 – 1963:	Commercial 1
	1963 – 2010:	C-2, General Business
	2010 – Present:	O-1, Local Office

**Master Plan**

The Master Plan for the subject property shows Central Community Business. This designation is intended for property in the geographic center of the Township, along the Highland Road corridor. The Central Community Business designation allows for a mixture of land uses including office, commercial and residential. Just west of the subject property at Irwin Dr. and Harger St., the Master Plan's Central Community Business designation merges with the Regional Commerce designation.

The Planning Commission reviewed this case at their July 11, 2017 meeting and resolved 5-1 (with Commissioner Reno absent) to forward a favorable recommendation on to the Township Board (see attached meeting minutes).

Staff will be present at Monday's meeting to address any questions that may come up. However, if you have any questions, or require additional information in advance of the meeting, please contact this office.

Mr. Lovend, 1463 Jeffwood, objects to a pick up window and feels that it would disrupt the neighborhood.

Mr. John Stratton, 1451 Jeffwood, would like to see different screening no drive-thru.

Mr. Lockwood, Planning and Zoning Superintendant, indicated that there will be no vehicle access to Jeffwood. He is working with the Developer, API, Architectural Planners, Inc., to ensure that the development takes measures to provide the least disruption to the adjacent apartments or neighborhood.

Trustee Bartolotta advised that the proposed Tropical Smoothie would not have hours past 9:00 p.m. and the developer is willing to work with the Township's Planning Commission.

Rezoning Case No. 17-06-03; Vacant Parcel (Formerly 5385 Highland Road) Continued.

Moved by Camilleri,

Seconded by Bartolotta; RESOLVED, to approve Zoning Ordinance Map Amendment 2017-Z-005; Rezoning Case No 17-06-03 to rezone from O-1, Local Office District to C-1, Neighborhood Business District. A roll call vote was taken.

Absent: None

Motion carried unanimously.

**6.2. Rezoning Case No 17-06-01; 6929 Highland Road**

The following memo was received from Larry Lockwood, Superintendent of Planning and Zoning.

**Background Analysis**

This rezoning application is by Nowak & Frauds Engineers on behalf of the Suburban Highland Rd., LLC group. As you are aware, the Suburban Ford team has been in the process of assembling land at the S.E. corner of Highland Rd. and Hospital Rd. for the development of a new automobile dealership. To date, the Ford group has assembled fourteen (14) parcels for this project and completed the necessary rezoning to the C-4, Extensive Business District on April 24, 2017. The subject property located at 6929 Highland Rd. was recently acquired in order to be added into this parcel assemblage providing for a total land area of 19.2 acres.

**Zoning History:**            1950 – 1960: Residential 1  
                                      1960 – 1963: Commercial 1  
                                      1963 – 2010: C-2, General Business District

**6.3. Rezoning Case No. 17-05-02; SW Corner of Cass Elizabeth Road**

The following memo was received from Larry Lockwood, Superintendent of Planning and Zoning.

**Zoning History and Analysis**

This case is a request by Don Ukrainec to rezone the subject parcel which is described as Lot 168 of the Meniwaters Subdivision. This lot has been zoned for local business use since 1950. Similarly, the parcels west and adjacent to the subject lot have had the same zoning classification.

Mr. Ukrainec came before the Planning Commission on December 13, 2016 to discuss this request (see attached meeting minutes). The subject property, along with the two neighboring parcels to the west are located between Nokomis Way and Henricks Way, which are considered residential streets that provide access to the Meniwaters subdivision.

When reviewing the current zoning, land use patterns in the area, there are two small areas of C-1 zoning on the south side of Elizabeth Lake Rd. between Hendricks Way and Parkway. The lone viable neighborhood business is the Grapes and Hops party store/market located at 4177 Cass Elizabeth Rd. There is a former ice cream stand at 4145 Cass Elizabeth Rd. that has been closed for many years. The other developed C-1 parcels located at 4235 and 4255 Cass Elizabeth have been primarily used for residential purposes.

**Zoning History:**            1950 – 1963:    Commercial 1  
                                      1963 – 2010:    C-1, Local Business  
                                      2010 – Present: C-1, Neighborhood Business

Staff will be present at Monday's meeting to address any questions that may come up. However, if you have any questions or require additional information in advance of the meeting, please contact this office.

**7. NEW BUSINESS****7.1 Housing Law Resolution**

The following memo was received from Gary Dovre, Township Attorney.

Although the Housing Law of Michigan (MCL 125.401-125.543), has been on the books since 1917, it was not until the legislature adopted Public Act 14 of 2016, that any portions of the Housing Law were automatically applicable to certain townships. Substantively, the Housing Law contains minimum maintenance standards for specified classes of dwellings, including private dwellings (traditional one-family homes), 2-family dwellings (duplexes), and multiple dwellings, which are basically any type of dwelling other than a private or 2-family dwelling.

Under the 2016 amendment of MCL 125.401, because Waterford has a population of 10,000 or more, the Housing Law automatically applies to multiple dwellings in the Township. Regarding private and 2-family dwellings, the Housing Law does not automatically apply because the Township has a population of less than 100,000. If the Township Board wanted the Housing Law to apply to private and two-family dwellings, it would need to adopt a Resolution to that effect. Such action is not recommended, at least at this time.

MCL 125.523 requires the Township Board to designate a local officer or agency to administer and enforce the portions of the Housing Law that are now applicable in the Township. A Resolution that would designate the Development Services and Fire Departments as the Township's enforcing agencies is provided with this letter for your consideration and possible adoption. The reason for designating both departments is that the minimum maintenance standards for multiple dwellings under the Housing Law include regulations within the purview of the Building Division of the Development Services Department and Fire Department.

The Resolution also provides that the Township's enforcing officers, personnel, and process for multiple dwellings that are dangerous buildings will be as already provided for in the Township's Dangerous Building Ordinance codified in Article VIII in Chapter 4 of the Ordinance Code. In that regard, the recodification of the Township's ordinances in 2014 included revisions necessary to conform the Dangerous Building Ordinance to the dangerous building process described in the Housing Law. Therefore, there should be no need to change the Township's existing dangerous building process if we do have to deal with a multiple dwelling.

Finally, although the Housing Law does include provisions on inspection of multiple dwellings, those do not need to be addressed in your Resolution. Rather, any changes required by the Housing Law in that regard will be addressed along with other proposed amendments to the Township Rental Certification Ordinance that we are working on with Township staff.

Unless there are questions or concerns that have not been addressed, a motion to adopt the State Housing Law Resolution as presented is recommended.

Clerk Camilleri read the following Resolution.

**CHARTER TOWNSHIP OF WATERFORD  
OAKLAND COUNTY, MICHIGAN**

**STATE HOUSING LAW RESOLUTION**

**RECITALS:**

A. As amended by Public Act No. 14 of 2016, the Housing Law of Michigan, MCL 125.401 - 125.543 ("Housing Law"), now applies to multiple dwellings in the Township because the Township has a population of 10,000 or more.

Housing Law Resolution Continued.

B. Under MCL 125.523, the Township Board is to designate a local officer or agency responsible for administering the applicable provisions of the Housing Law.

C. The minimum maintenance standards in the Housing Law include regulations within the scope of Township Ordinances and Codes administered and enforced by the Development Services and/or Fire Departments, making those appropriate Departments to administer and enforce the applicable provisions of the Housing Law.

**IT IS THEREFORE RESOLVED:**

1. The Township's Development Services and Fire Departments are designated as the Township agencies responsible for administering and enforcing the provisions of the Housing Law that are applicable to the Township.

2. For purposes of any multiple dwellings that are dangerous buildings under the Housing Law, administration and enforcement shall be by the same Township officers, personnel, and process as provided in the Dangerous Building Ordinance codified in Article VIII of Chapter 4 of the Waterford Charter Township Code.

**CERTIFICATION**

I hereby certify that this Resolution was adopted by the Charter Township of Waterford Board of Trustees at a regular meeting on August 14, 2017.

**7.3 Approval of Cost Study for Defined Contribution Employees being added to Disability Retirement Benefit through Public Act 345**

The following memo was received from Treasurer Birch.

Public Act 314 says that this study cannot be paid for by the pension system; only the township board may approve this expense and pay for it. This is to be a part of the firefighter's contract and agreement. This is the same study the police department has done and the provision on Disability Pension that was proposed for the Defined Contribution Plan that was in their tentative agreement though 12/31/17.

I'm asking the Board of Trustees to approve payment for this study.

Moved by Birch;

Seconded by Camilleri, RESOLVED, to approve the Cost Study for Defined Contribution for Fire Department Employees being added to Disability Retirement Benefit through Public Act 345 to be provided by Gabriel, Roeder, Smith & Company in the amount of \$3,000.00 to be paid out of account 12480-84500. A roll call vote was taken.

#### 7.4 Request for Class C Liquor License at 4761 Highland Road

The following memo was received from Mr. Stanley Moore.

I am humbly requesting this Honorable Board grant me the use of one of the Liquor Licenses that has been awarded to Waterford Township by the State of Michigan. My intention is to open an entertainment facility at 4761 Highland Road, formerly known as The Eagles Building.

I purchased this property about 4 years ago and I have strived to redevelop this property and have made significant improvements to the exterior as well as the interior of the facility. I have taken what was once a vacant eyesore in a very important corridor of Waterford Township and turned it into a beautiful building that already has rental tenants operating successful businesses. This building is full of history, and I believe I have restored this building to its former glory.

My vision for the remaining space in this building is to become an entertainment facility with the capacity to accommodate at least 300 people comfortably. This facility would employ approximately 40 people and bring more vendors, entertainers and guests to this destination which is located in the center of Oakland County. I see this facility a highlight of Waterford Township and a destination that would bring people back to our great township.

It is my opinion that I am uniquely qualified to achieve these goals for this property. I have lived in Waterford Township for over 40 years. My wife, Vicki, and I have been married for over 44 years and together we have two children and five grandchildren. I am the owner and operator of many businesses including S&B Plumbing and Sewer Service as well as Bill's Plumbing and Sewer Service. I also own and operate many commercial and residential properties throughout Waterford Township as well as the member of several Boards, including: Oakland County Credit Union, Children's Village Foundation, Waterford Zoning Commission, Waterford Civil Service Commission, and the Waterford Economic Development Board. As you can see, I have committed vast amounts of time and resources to improve and give back to Waterford. I believe that opening this facility will not only improve this property, but also bring another successful business to Waterford.

A liquor license is crucial to the operation of this type of facility. The improvements made to the building have already brought important change and value to the area. If this Honorable Board will approve this request then the property will be brought back to the standard that Waterford Township deserves.

Clerk Camilleri stated that size of the project and the potential regional draw is why she was in favor of allowing the Clerk's office to accept Mr. Moore's Class C Liquor License application.

Supervisor Wall stated that there is a need for a banquet hall that holds more than 300 people in Waterford Township

Trustee Bartolotta stated that he was against the idea until he read that it was going to be a comedy club; something more than Sport's bar.

Trustee Healy stated that the previous requests for a liquor licenses had smaller venues and that is why he voted no on those requests. He agrees allowing the Clerk's office to accept Mr. Moore's application.

Moved by Birch;

Seconded by Joliat, RESOLVED, to authorize the Clerk to accept and process an application for the license as provided in Ordinance Code Section 10-405(a). A roll call vote was taken.

Ayes: Wall, Camilleri, Birch, Bartolotta, Healy, Joliat and Thomas

Nays: None

Absent: None

Motion carried unanimously.

### 7.5 Citizen to Address the Board – William Force

The following letter was presented by Mr. Force.

Pleasant Lake is a small all sports private lake. We have one boat launch that we control very tightly to stop any more invasive species. We may be the only lake or river in Waterford that does not have zebra mussels. Our plan is to keep it that way.

Our complaint against a resident opening an Air B&B is multi fold. The home owner is allowing people to launch guest boats and renting out the home owner pontoon boat. The renters don't know the basic rules of the lake and pose a safety risk to the residents. All four of the neighborhoods on the lake are very concerned about this rental operation.

The home owner rehabbed the house on Elizabeth Lake Road for the sole purpose of renting it out as an Air B&B. The home owner does not live at this property. This house is clearly a commercial operation.

The central issue is not only economic. It's that these platforms enable users to get lower cost services by bypassing laws, zoning, regulatory, insurance, taxation and safety requirements. Such restrictions are there for good reason, notably those involving safety. Building code requirements that apply to multi-family or rental housing are sidestepped, creating health and safety issues.

There is a risk of units effectively being used as illegal hotels. We have State fire, building and safety codes for hotels for good reason, and to at least some degree, they should be applied to Air B&B's as well.

Of special concern to hosts are state and local laws that may limit or prohibit the renting of property. In New York, for example, it's illegal to sublet a single-family home, apartment or room for fewer than 28 days if you aren't living there. State of Michigan House Bills HB4503 and Senate Bill SB329 would block local governments from using zoning laws to restrict rentals. The bills will be taken up after Labor Day.

Underwriters from these companies are stating, "If you post your home or cabin online for any type of rental use, your coverage becomes ineligible. If your temporary tenants cause a fire, flood, vandalism, or theft there will be no coverage. If your tenants hurt themselves on your property and take legal action against you, we will not provide any coverage for legal expenses." Again, this is on a company to company basis. Some insurance companies such as CHUBB offer a temporary rental endorsement that can be added to your homeowner's policy.

We understand that The State of Michigan controls the laws in regards to these Air B&B's. We also appreciate that Waterford Township does its best to stay out of problems like this. We felt it was best to explain our problem at the Township Board to begin with. We hope that you support us as we move on to our State Rep. Jim Runestad and the DEQ.

We live on a private lake because we like it quiet and safe. How can someone legally open an Air B&B rental and violate our privacy? Your input and guidance are very welcome.

Mr. Vaughn Wagner questioned how this can happen in residential Zoning.

Mr. Merinsky, Development Services Director, addressed the rental issue with the Board of Trustees.
