What are GoodRx coupons?

GoodRx coupons will help you pay less than the cash price for your prescription.

Your pharmacist will know how to enter the codes on the coupon to pull up the lowest discount available.

How can GoodRx help me?

Good Rx gathers current prices and discounts to help you find the lowest cost pharmacy for your prescriptions. The average GoodRx customer saves \$276 a year on their prescriptions. GoodRx is 100% free to use and you are not required to give any personal information.

Can I use GoodRx and my insurance?

You can use a GoodRx discount instead of your prescription insurance if the cost is lower. Our coupons can't be used with insurance or to lower your co-pay.

You may want to contact your insurance company to find out if you can submit receipts for prescriptions purchased using GoodRx. Many insurance plans will allow you to submit receipts for potential reimbursement and/or credit towards your deductible and other policy limits.

Thank You.
