When computing a member's service credit, the member shall be given service credit for not more than five (5) years active military service to the United States Government. Payment to the retirement system shall be fifty percent (50%) of the actuarial determined township contribution rate for the year in which the purchase is elected. Service shall not be creditable if it is or would be creditable under any other Federal, State or locally publicly supported retirement system. This restriction shall not apply to those persons who have or will have required retirement eligibility under the Federal Government for service in the Reserves, such as a member with two (2) years of military service for the American armed forces may purchase up to two (2) years of credit. Assuming the member purchase the two (2) years military credit, the member will only have to work twenty-three (23) years to satisfy the twenty-five (25) year service requirement for normal or voluntary retirement. Any military service time purchased shall not be subject to annuity withdrawal.

### **SECTION 7 - TWENTY-FIVE (25) AND OUT**

A member who has twenty-five (25) or more years of service, may leave the service and receive the full retirement benefits payable throughout their life as provided from their straight life (regular) pension amount.

Employees hired after February 12, 2007 shall have pension benefits calculated based on the following formula:

- ~~2. 10% to DC and 5% to RHSA~~
- ~~3. 12% to DC and 3% to RHSA~~

In addition, the employee shall be fully vested on an immediate basis in both the DC and the RHSA plans, and shall be allowed to make such additional employee contributions to either or both plans up to the IRS limits. New employees hired on or after January 1, 2012, if disabled for duty-related reasons, shall be entitled to Township-paid continuation of pay and benefits for up to twelve (12) consecutive months, less any worker's compensation benefits that is received by the employee, in accordance with Article XVI, Section 4.

## **SECTION 9 - DEFERRED RETIREMENT OPTION PLAN (DROP)**

### **A. OVERVIEW**

Effective July 1, 2006, any Employee who is a member of the Waterford Township Fire Department may at any time voluntarily elect to participate in the Waterford Township Police and Fire Retirement System Deferred Retirement Option Plan (hereinafter "DROP") after attaining the minimum requirements for a normal service retirement pension. Upon commencement of DROP participation, the participant's DROP Benefit shall be the dollar amount of the Employee's monthly pension benefit computed by using the contractual guidelines and formula(s) that are in effect on the DROP Date. During participation in the DROP, the participant continues with full employment status, receives all future promotions and benefit wage increases, and is considered an employee of the Township, not a retiree. The Participant's DROP Benefit shall be credited monthly to the Participant's DROP Account which shall be established within the Waterford Township Police and Fire Retirement System (the "Police and Fire Retirement System"). The Participant's DROP Account shall be maintained and managed by the Board of Trustees of the Police and Fire Retirement System (the "Retirement Board"). Upon termination of employment, the retiree shall begin to receive payment(s) from his/her individual DROP Account as described herein. The DROP payment(s) are in addition to all other contractual pension benefits. The Participant is solely responsible for analyzing the tax consequences of participation in the DROP.

### **B. ELIGIBILITY**

Effective July 1, 2006 any member of the bargaining unit may voluntarily elect to participate in the DROP at any time after attaining the minimum requirements for a normal service retirement pension.

### **C. PARTICIPATION PERIOD**

The maximum period for participation in the DROP is five (5) years (the "Participation Period"). There is no minimum time period for participation. An Employee shall cease DROP Participation with five (5) years from the date of their entering the DROP. Notwithstanding said five (5) year maximum participation period, it is expressly understood that DROP Participation shall be terminated no later than the first of the month following the DROP Participant's completion of his or her 33<sup>rd</sup> year of employment.

Upon expiration of the DROP Participation Period, the Participant's monthly pension benefit otherwise payable to their DROP Account shall be discontinued until termination of employment and they will accrue no additional retirement benefits in the Police and Fire Retirement System. Interest on the DROP Account however, will continue to accrue during such

forfeiture period. Upon termination of employment, the retiree shall receive the monthly retirement benefit previously credited to their DROP Account and shall be eligible for distribution of their DROP Account Balance in accordance with Section I herein.

#### **D. ELECTION TO PARTICIPATE**

Once commenced, participation in the DROP program is IRREVOCABLE (except as specifically provided in Subsection L herein). An Employee who wishes to participate in the DROP shall complete and sign such application form or forms as shall be required by the Retirement Board. The Retirement Board shall review the application within a reasonable time period and make a determination as to the Employee's eligibility for participation in the DROP. On the Employee's effective DROP Date, he or she shall become a DROP Participant and shall cease to accrue additional retirement benefits otherwise credited to active members of the Police and Fire Retirement System. The amount of credited service, multiplier and average final compensation shall be fixed as of the Participant's DROP Date. Increases in compensation and accrual of additional service during DROP Participation will NOT be factored into the pension benefits of active or former DROP Participants (except as specifically provided by Subsection L). Except with regard to the retirement benefits expressly provided herein, DROP Participant's will continue with full employment status with all rights and privileges afforded to employees of the Fire Department and this bargaining unit, including, but not limited to, future promotions, benefit/wage increases, union membership and representation, as well as, retirement system membership and Board representation.

#### **E. DROP BENEFIT**

The Participant's DROP Benefit shall be the regular monthly retirement benefit to which the Employee would have been entitled if the Employee had actually terminated employment and retired on the DROP Date (less the annuity withdrawal reduction as set forth in Subsection F and/or actuarial reductions as a result of the Employee electing an Optional form of benefit under the Plan, if applicable). The Participant's DROP Benefit shall be credited monthly to the Participant's individual DROP Account. A DROP Participant may at the time of DROP Election elect to receive his or her benefit in the form of the Plan's Option I or Option II Benefit and nominate a named beneficiary in accordance with the Police and Fire Retirement System provisions.

The term "spouse" for purposes of benefit qualification of DROP Participants, shall mean: (1) the person to whom the Participant was legally married to on the Participant's date of death if such death occurs during DROP participation; or (2) the person to whom the retiree was legally married on both the effective date of termination of DROP Participation and the retiree's date of death provided such death occurs after termination of DROP Participation. The definition of "spouse" herein may be amended pursuant to an Eligible Domestic Relations Order entered pursuant to Michigan Public Act 46 of 1991, as amended (MCL§38.1701 et seq.).

#### **F. ANNUITY WITHDRAWAL**

An Employee who elects to participate in the DROP (and correspondingly, cease to accrue additional retirement benefits otherwise credited to active member of the Police and Fire Retirement System) may elect the Annuity Withdrawal Option provided by the Police and Fire Retirement System at the time of electing DROP participation. The Annuity Withdrawal Option and all other retirement options under the Police and Fire Retirement System which are available to Retirement System Members shall only be available to the DROP Participant at such time as he or she elects DROP Participation.

The Annuity Withdrawal Option election shall be made commensurate with the participant's DROP election, but not thereafter, and the Annuity Withdrawal amount at time of DROP will be utilized to compute the actuarial reduction of the Participant's DROP Benefit, as well as the Employee's monthly retirement benefit from the Police and Fire Retirement System after termination of employment. The Annuity Withdrawal amount (accumulated contributions) shall be withdrawn from the Police and Fire Retirement System at the time of termination of employment and shall not be subject to withdrawal by a DROP Participant at the time of DROP Election.

DROP Participants who do not elect the Annuity Withdrawal Option shall have their full unreduced benefit credited to their DROP Account.

At the time of the Annuity withdrawal Option election, if an Employee is electing a straight life form of benefit with no qualifying spouse, the annuity withdrawal reduction computation is based in-part upon the actuarial life expectancy of the Employee

(rather than the life expectancies of both the Employee and qualified spouse). There shall be no adjustment to the benefits payable to the DROP Participant/Retiree upon the subsequent marriage of a qualifying spouse. In the event such spouse (i.e. qualified after calculation of the annuity withdrawal election), subsequently qualifies for benefits payable by the Police and Fire Retirement System, said benefits shall not be adjusted based upon the Employees' Annuity Withdrawal Option election.

## **G. DROP ACCOUNTS**

For each DROP Participant, an individual DROP Account shall be created in which shall be accumulated at DROP Interest, The Participant's DROP Benefits. All individual DROP Accounts shall be maintained for the benefit of each DROP Participant and will be managed by the Retirement Board in the same manner as the primary pension fund. DROP Interest for each DROP Participant shall be based upon the prior calendar year's market rate of investment return on the total assets in the Police and Fire Retirement System portfolio but in no event shall DROP Interest be great than 4.0% or less than 0% per annum compounded monthly. If the Retirement System earns between 0% and 4.0%, then the DROP Interest will be the actual market rate of investment return. If the Retirement System earns less 0% then DROP Interest will be 0%. DROP Interest will be credited on the first day of each month on the prior month's principal and interest balance. [By way of example, the following illustration is provided: The Retirement System's market rate of investment return for calendar year 2006 is 8.5%. The DROP Interest rate for calendar year 2007 will be 4.0% per annum compounded monthly (e.g. .3333% monthly). A member's DROP Account Balance on February 1, 2007 is \$12,500 (including principal and interest). On March 1, 2007, the member's DROP Account will be credited with \$41.66 in interest.]

The Retirement Board shall provide each participant with an annual statement of their account activity. The reference to individual DROP Accounts shall be interpreted to refer to the accounting records of the Police and Fire Retirement System and not to the actual segregation of moneys in the funds of the Police and Fire Retirement System.

## **H. CONTRIBUTIONS**

The employee's contributions to the Police and Fire Retirement System shall continue during DROP Participation for each employee entering the DROP irrespective as to whether the Annuity Withdrawal Option is elected at the time of DROP. These employee contributions shall be in the same amount and shall be credited with interest in the same manner as non-DROP members of the Police and Fire Retirement System.

For those DROP Participant's that elected the Annuity Withdrawal Option at the time of DROP, their total accumulated contributions (including employee contributions and interest paid during DROP Participation) shall be paid to the employee upon termination of employment. There shall be no further Annuity Withdrawal reduction applicable to the employee contributions and interest earning thereon made during DROP Participation.

For those DROP Participant's that did not elect the Annuity Withdrawal Option at the time of DROP Participation, the employee contributions and interest earnings thereon shall be paid to the employee upon termination of employment without any reduction in benefits.

The payroll of DROP Participants will be included in the covered compensation upon which regular Township employer contributions to the Police and Fire Retirement System are based. Employer contributions shall be credited to the Retirement System and not to any individual's Drop Account.

## **I. DISTRIBUTION OF DROP FUNDS**

Upon termination of employment, the former DROP Participant must choose one, or a consistent combination of, the following distribution methods to received payment(s) from his or her individual DROP Account:

- 1) A total lump sum distribution to the recipient.
- 2) A partial lump sum distribution to the recipient.
- 3) A lump sum direct rollover to another qualified plan to the extent allowed by federal law and in accordance with the Retirement Board's rollover procedures.
- 4) An annuity payable for the life of the recipient.
- 5) An optional form of annuity as established by Public Act 345 of 1937, as amended.

- 6) No distribution, in which case the accumulated balance shall remain in the Plan to the extent allowed by federal law.

A former Participant may change their distribution method as may be applicable no more than once per annum prior to June 30<sup>th</sup> of each year in accordance with such procedures and time guidelines as adopted by the Retirement Board. A former Participant may elect a total lump sum distribution of any remaining balance in their DROP Account at any time after termination of employment which will be paid within 90 days after receiving the member's request. All benefit payments under the Plan shall be made (or commence in the case of an annuity) as soon as practical after entitlement thereto, but in no event later than the April 1 following the later of:

- 1) The calendar year in which the Member attains age 70%, or
- 2) The calendar year in which the Participant's employment terminated.

If the Accumulated Balance in any former Participant's account becomes less than \$5,000 (or such other amount as provided in Internal Revenue Code Section 411(a)(11)(A)), then the Retirement Board, in its sole discretion, shall have the option of distributing the former Participant's entire account, in the form of a lump sum, to the Former Participant.

Any and all distributions from Participant's DROP Account shall not be subject to offset by any workers compensation wage loss payments received by the Participant, including any redemption amounts.

#### **J. DEATH DURING DROP PARTICIPATION**

Except as otherwise provided in Subsection L, if an Employee participating in the DROP dies either: (i) before full retirement (i.e., Before termination of service); or (ii) during full retirement (i.e., after termination of service) but before the DROP account balance has been fully paid out, the Participant's designated beneficiary(ies) shall receive the remaining balance in the Participant's DROP Account in the manner in which they elect from the previously mentioned distribution methods (Subsection I). In the event the Participant has failed to name a beneficiary, the account balance shall be payable to the Participant's beneficiary of benefits from the Police and Fire Retirement System. If there is no such beneficiary, the account balance shall be paid in a lump sum to the Participant's estate. Benefits payable from the Police and Fire Retirement System shall be determined as though the DROP Participant had separated from service on the day prior to the Participant's date of death.

#### **K. DISABILITY DURING DROP PARTICIPATION**

Except as otherwise provided in Subsection L, in the event a DROP Participant becomes totally and permanently disabled from further performance of duty as a fire fighter in accordance with the provisions of the Police and Fire Retirement System, the Participant's participation in the DROP shall cease and the member shall receive such benefits as if the member had retired and terminated employment during the Participation Period. Application and determination of disability shall be conducted in accordance with the Police and Fire Retirement System provisions; however, the Participant shall not be eligible for disability benefits from the Police and Fire Retirement System except as specifically provided in Subsection L.

#### **L. SPECIAL PROVISION FOR DUTY DISABILITY AND DUTY DEATH**

A DROP Participant who is found by the Retirement Board, in accordance with Retirement System provisions, to be totally and permanently incapacitated for duty by reason of a personal injury or disease occurring as the natural and proximate result of causes arising out of and in the course of the Employee's employment with the Township, may retroactively revoke the Participant's DROP election if the revocation occurs before the payment of a distribution to the Employee from the Participant's DROP account or payment of disability or retirement benefits to the Employee from the Retirement System. If a DROP Participant dies in the line of duty while in the employ of the Township, the DROP Participant's eligible survivors (i.e., survivors qualified under Section 9(2) of Public Act 345 of 1937, as amended, and the Participant's applicable collective bargaining agreement) and the participant's eligible DROP beneficiary(ies) may, by unanimous agreement, retroactively revoke the Participant's DROP election if the revocation occurs before payment of a distribution from the Participant's DROP account or payment of benefits from the Police and Fire Retirement System. If a DROP election revocation is made as prescribed by this Subsection, the Participant's DROP Account is not distributed, and the Participant or the Participant's beneficiary(ies), as applicable, is entitled to all benefits provided by the Police and Fire Retirement System as if a DROP election had not been made. In the event of revocation of DROP participation as provided herein, there shall be no requirement for retroactive payment of employee contributions which would otherwise have been paid by the Employee to

the Retirement System and the employee shall receive service credit for all service rendered during DROP participation or as otherwise provided in the applicable collective bargaining agreement.

#### **M. PROMOTION**

In the event a member of the Firefighters Association is promoted to a position out of the bargaining unit, DROP Eligibility Participation in the Police and Fire Retirement System shall no longer be made available through this collective bargaining agreement. Eligibility for retirement benefits including the DROP benefit shall be governed under Public Act 345 of 1937, the Township Retirement Ordinance and the Police and Fire Civil Service Management Employee Policy. Employees in the DROP promoted out of the unit shall continue in the DROP in accordance with their original DROP commitment.

#### **N. RE-EMPLOYMENT**

In the event a former DROP participant is re-employed by the Township in the capacity of a sworn police officer or firefighter, they shall not be eligible for membership in the Police and Fire Retirement System or participation in the DROP. Retirement benefits payable from the Police and Fire Retirement System shall continue during such period of re-employment. The Township may extend participation in an alternative retirement plan (e.g., Defined Contribution Plan) during such period of re-employment.

#### **O. DROP COST**

The Township and those applicable collective bargaining associations who agree to adopt the DROP Program intend for the DROP program to be essentially cost neutral (i.e.,  $\pm$  .2% of covered payroll). The parties recognize the complexity in estimating the actuarial cost impact of the DROP in the Police and Fire Retirement System. Accordingly, after a 10 year period from the establishment of the DROP, the Retirement Board will direct that the Retirement System's Actuary conduct an evaluation as to the cost impact of the DROP on the Retirement System. In the event that the actuary determines that the DROP has had a positive cost to the Retirement System (i.e.  $>$  .2% of covered payroll), the DROP shall be amended in such manner, as recommended by the Actuary and approved by the parties, to result in an essentially cost neutral program.

#### **P. I.R.C. COMPLIANCE**

The DROP is intended to operate in accordance with Section 415 and other applicable laws and regulations contained within the Internal Revenue Code of the United States. Any provision of the DROP, or portion thereof, that is found by the Retirement Board to be in conflict with an applicable provision of the Internal Revenue Code of the United States is hereby declared null and void.

The Waterford Township Police and Fire Retirement System consists of a defined benefit plan. The DROP Account shall be established as part of the defined benefit plan of the Retirement System or such other plan as the Retirement Board and the union's shall agree upon (i.e., I.R.C. section 415(m) benefit plan) after consultation with appropriate legal counsel.

#### **SECTION 10 DUTY DISABILITY**

A duty disability pension shall be as proved in 6(2)(B) of Public Act 345 of 1937, except the disability benefit to age 55 shall be based on 62.5%. At age 55 pension shall be converted to a regular service pension consistent with Public Act 345 of 1937, with applicable multipliers as provided in this agreement, and with pension service credit as provided under Public Act 345 of 1937.

A Duty Disability Pension provision is provided for defined Contribution Plan members as follows:

- a. Upon the application of a member or the member's department head, a member who becomes totally incapacitated for duty by reason of a personal injury or disease occurring as the natural and proximate result of causes arising out of and in the course of the member's employment by the municipality shall be retired by the retirement board consistent with Public Act 345 of 1937.

The Township's liability for the disability benefit shall be offset by the lifetime annuity value of the employee's 401(a) defined contribution retirement account, determined as of the effective date of the employee's disability-related separation from service.

- b. Upon the employee's disability-related separation from service, the employee will elect whether to draw on the balance in the DC account to supplement the employee's net disability pay. (Note: It is understood and agreed by the parties that the above is agreed to notwithstanding the parties' Pension Moratorium agreement dated 1/6/12, but does not otherwise operate as a waiver of or otherwise vitiate the Pension Moratorium agreement dated 1/6/12, which shall be attached to the successor 2016-2018 collective bargaining agreement).

## **ARTICLE XXIV - STRIKE PROHIBITION**

This Union agrees there shall be no strikes, slowdowns, stoppage of work, or any interference with the efficient management of the Fire Department. It is agreed by the parties hereto that nothing contained in this section or any part of the Agreement shall be construed or used in any manner to form the basis for an allegation of violation of this Agreement for the purpose of supporting any legal or court action unless and until the parties to the complaint or contention shall have been allowed a reasonable opportunity to correct the same and shall have refused to do so.

## **ARTICLE XXV - GRIEVANCE PROCEDURES AND ARBITRATION**

### **SECTION 1 - DEFINITIONS AND STEPS**

#### **A. Definition of Grievance**

A grievance is a disagreement or dispute, which may arise between members of the Union and the Township, and/or Department Administration concerning the meaning, application, or interpretation concerning the provision of this Agreement.

#### **B. Definition of Discipline**

Disciplinary action is any action taken by the Township against an employee for misconduct, including, but not limited to, violations of Department or Township rules and regulations or violations of provisions of this contract, which discipline results in loss of wages, fringe benefits, seniority or demotion, except where such demotion is a result of a reduction in force. No employee shall be disciplined for violation of township rules and regulations that are in conflict with job duties. No employee shall be disciplined except for just cause.

#### **C. Grievance Steps**

It is mutually agreed that all grievances that may arise shall be settled in accordance with the procedure herein provided:

##### **Step I**

By conference, requested in writing by the aggrieved employee, between the Employee, the Steward, and the Fire Chief within twenty (20) days of the knowledge of the grievance. In disciplinary cases, management shall notify the Union within twenty (20) days of disciplinary action or notify of possible disciplinary action.

##### **Step II**

If unresolved through the above conference, the Union will reduce the grievance to writing, setting forth the nature of the grievance, and/or specifying the provisions of this Agreement allegedly violated and submit it to the Fire Chief within seven (7) calendar days of the above conference. The Fire Chief shall give written answer to the grievance within seven (7) calendar days after its receipt.

##### **Step III**

If the Union is dissatisfied with the written answer in Step II, they shall, within five (5) calendar days, request in writing a meeting with the Township Supervisor. A copy of the written grievance shall accompany the Union's request of a meeting. The Township Supervisor or his designees shall establish a meeting with ten (10) calendar days of receipt of the written request for a meeting. The Township Supervisor and/or his designee shall meet with the Grievance Committee in an attempt to resolve the grievance. The Township Supervisor and/or his designee shall give a written answer within five (5) calendar days after such meeting.

#### **Step IV**

In the event Step III answer fails to settle the grievance, the Union shall, within ten (10) calendar days of the Township's written answer, notify the Township in writing of its intent to go to arbitration. Within twenty (20) calendar days of the Union's intent to arbitrate, the Union shall make a Demand for Arbitration with the Michigan Employment Relations Commission, Labor Arbitration Service.

#### **C. Arbitration**

The decision of the Arbitrator shall be rendered without undue delay and shall be final and binding on both parties. The Arbitrator shall have no power to add to, subtract from, or modify any position of this Agreement or supplemental agreements between the parties. Payment of the expenses, costs, and fees of the Arbitrator shall be borne equally by the Township and the Union.

#### **D. Election of Remedies**

Where an employee is disciplined and elects to contest the measurers, he shall elect to submit his protest to the Act 78 procedure or the grievance procedure. He shall not have the benefit of both; Use of one shall bar the use of the other.

#### **E. Policy Grievance**

Any grievance involving two or more employees or the Union may be filed directly as Step II as a Policy Grievance". Such policy grievance must be filed within thirty (30) days of knowledge of the grievance.

#### **F. Time Limits**

In the event that the Township refuses or fails to answer a grievance within the time limits set forth in this Article, the grievance shall advance automatically to the next higher step of the grievance procedure. Time limits may be extended by mutual agreement between the parties.

#### **G. Oral or Written Reprimands**

In cases of Oral or Written Reprimand, the employee shall have a right to place a statement of the employee's position regarding the allegation in the employee's personnel file but shall not be entitled to resort to the grievance procedure set forth herein. However, if in a subsequent disciplinary action by the Township, the Oral or Written Reprimand is used to justify progressive discipline resulting in time off, loss of pay or other benefits, and the employee grieves the subsequent disciplinary action, the employee shall have the right to fully contest the allegations on the Oral or Written Reprimand.

### **SECTION 2 - INVESTIGATING GRIEVANCES**

When it becomes necessary for the Grievance Committee to investigate grievances referred to them by a Steward, a member of the grievance committee shall be given reasonable time off the job, with pay, to investigate the alleged grievance fully. Each grievance committee member shall inform his supervisor sufficiently in advance as to allow a relief employee to fill his job.

### **SECTION 3 - TIME OFF FOR GRIEVANCE COMMITTEE**

The members of the Grievance Committee shall be relieved from their duties with the Township upon reasonable notice to their immediate department head to enable them to negotiate or appear before the departmental head, Township Board, or Fire Civil Service Commission on all grievances that have been referred for settlement or hearing thereon. The Township shall pay all members of the Grievance Committee or Negotiation Committee when they are conducting negotiations or appearing before any person or body in the hearing of a grievance at their regular rate of pay for all time consumed during their regular working day.

### **SECTION 4 - TIME OFF FOR WITNESSES**

When the Grievance Committee, the Township Supervisor, or Township Board deem it necessary for witnesses to be called, said witnesses shall be relieved from their regular duties upon due advance notice to their departmental head and shall be compensated at their regular rate of pay for all time consumed during their regular working day.

- A. Any employee who feels that he/she has developed an addiction to, dependence upon or problem with alcohol or drugs, legal or illegal, is encouraged to seek assistance. Entrance into the Employee Assistance Program can occur by self-referral, recommendation or referral by a supervisor. No employee will be disciplined on account of any request for assistance under this section, nor will any employee be disciplined as a result of any information disclosed by the employee during his/her efforts to enter or participate in the Employee Assistance Program.
- B. Request for assistance through "recommendation" or "supervisor referral" will be treated as confidential. "Self referral" confidentiality will be maintained between the individual seeking help and Employee Assistance Program personnel.

- C. Rehabilitation itself is the responsibility of the employee. For employees enrolled in a formal treatment program, the Fire Department will grant rehabilitation leave at full pay up to accumulated sick leave. Employees who have exhausted their accumulated sick leave will be allowed to use vacation time, personal leave days, etc. The cost of rehabilitation will be borne by the employer. The rehabilitation program used will be agreed to by the Township and Union.
- D. To be eligible for continuation in employment on a rehabilitation pay basis, the employee must have been employed at least one year; must maintain at least weekly contact with the Fire Chiefs office; and must provide verification that he or she is continuously enrolled in a treatment program and actively participating in that program.
- E. Upon successful completion of treatment, the employee will be returned to active status without reduction of pay or seniority.

**V. PRESCRIPTION DRUGS:**

- A. Employees who are obliged to take (a) prescription drug(s) under the direction of a licensed medical practitioner shall advise their superior upon reporting to duty that they are under the influence of, or are required to take prescription drugs or internal medicine that may affect their work performance. When an employee is required to take prescription drugs or other medicine, a physician's statement may be required indicating whether or not the employee can perform his/her regularly assigned duties.
- B. No prescription drug shall be brought upon Fire Department premises by any person other than the person for whom the drug is prescribed, by a licensed medical practitioner, and shall be used only in the manner, combination and quantity prescribed.
- C. No employee who complies with (a) and (b), above, with respect to a particular prescription drug or other medicine can be disciplined or required to attend employee assistance on account of that particular prescription drug or other medicine.

**VI. PROCEDURES FOR TESTING:**

**A. DEMAND FOR TESTING**

The Township may require departmental personnel to submit to a test for illegal drugs, prescription drugs or alcohol under the following circumstances:

- 1. The employee is, based on "reasonable basis", requested/ordered to submit to testing by a command officer.

**B. Standards for Determining Reasonable Basis**

- 1. The test must be requested by a command officer. A "command officer" shall be deemed to be an officer of the rank of lieutenant or higher, or a supervisor acting in the capacity of command officer in the absence of a command officer.
- 2. "Reasonable Basis" is defined to mean objective, articulable and specific facts which would support a reasonable individualized suspicion that the employee to be tested is using or has used substances which impair his or her ability to safely and effectively perform his or her duty.
- 3. Where the "reasonable basis" is based on personal observation by a command officer, the objective facts must be articulable and may include the person's appearance and behavior.

**C. Preparation of Report**

If the command officer, based upon the criteria set forth above, determines that a test should be requested, he/she shall comply with the following procedure. First the firefighter shall be relieved from duty. If the firefighter is at the scene of an emergency, he/she may be directed to return, or be taken when impairment is suspected, to a station to complete this testing procedure. Once the firefighter is relieved from duty, a command officer shall prepare a signed dated, timed, and contemporaneous report reducing the objective facts and reasonable inferences drawn from those facts to writing and shall immediately furnish a copy to the employee. The employee shall, at the same time, be given the opportunity to explain his/her behavior, action or appearance. Upon request, the employee shall have the right to Union representation. Failure of the command officer to prepare the report in accordance with the procedure outlined in this section shall render any subsequent test and discipline based upon that test void.

**D. Review of Report**

If, following the employee's explanation, the command officer determines that a test is still required, he/she shall submit a copy of his/her report to the shift commander. The shift commander shall evaluate the report and explanation of the reason for testing, and shall hear to employee's explanation for his/her behavior (if any) and the shift commander shall then determine if there is reasonable suspicion for the test. Any test given without the evaluation of the shift commander, and any discipline based upon that test, shall be void.

**E. Demand for Testing**

If the shift commander has determined that a test shall be ordered, the order will be given by a command officer. At the time that the order is given, the employee shall be advised that refusal to submit to the test shall be cause for discipline, up to and including discharge. Should an employee's tour of duty expire or he/she otherwise be in an off-duty status during the order for testing process, the employee will be compensated precisely as if that employee were on active duty status, until the process of obtaining a specimen is completed.

**F. Identification of Employee**

The employee's identity shall be checked and verified, by the requesting supervisor/command officer at the time of the testing request/order.

**G. Drug Testing Procedure**

The procedure followed in giving the drug test, including but not limited to the collection of the sample, chain of custody, storage of the sample, the type of initial and confirmatory tests used, and the amount of drug or drug metabolite to be regarded as a positive drug test, will be in conformance with Federal Regulations (Federal Register, Volume 53, No. 69, Pg. 11979-11989)

**H. Alcohol Testing Procedure**

Testing for alcohol will be performed by means of a blood test at the same facility utilized for drug testing. The "chain of custody" will be documented and preserved in the same manner as for a drug test.

**VII. EMPLOYEE ASSISTANCE AND DISCIPLINE:**

- A. An employee who tests positive for illegal, controlled or prescription substances, or alcohol, shall be required to participate in the Employee Assistance Program. Employees who successfully complete the program to the satisfaction of the program's director or supervising physician shall not be disciplined for their drug use.
- B. Employees who fail to complete the Employee Assistance Program as specified in (A) above, may be disciplined for their employment-related drug use.
- C. Employees whose drug use, or alcohol or prescription drug abuse, is discovered by the Township in some manner other than by the drug test outlined in this policy/article shall be treated as if he/she had tested positive under this policy/article.

- D. Notwithstanding any other provision of this policy/article, where an employee engages in conduct which, given proof of his/her on-duty, intoxicated state, creates an unreasonable risk of harm to any person; that employee may be disciplined appropriately in addition to being referred to the Employee Assistance Program. It is agreed that discipline under this section shall include discharge of the employee only in the most severe case.
- E. Notwithstanding any other provision of this agreement, where an intoxicated employee violates the Rules and Regulations of the Department or any provision of the Collective Bargaining Agreement, that employee may be disciplined appropriately in addition to being referred to the Employee Assistance Program. "Appropriate discipline" is defined as discipline of precisely the same severity that the employee would have received for his/her conduct while not intoxicated.
- F. The Township shall have the option to conduct as many as four (4) random drug tests on an employee who has completed the Employee Assistance Program in order to guarantee that the Program has been completed successfully. No such random test may be given more than one (1) year following the date of the employee's completion of the program. A positive test result under this provision shall have the same effect, as a positive test result under Section VI, or Section VII c.
- G. An employee shall have the right to avail him/herself of the Employee Assistance Program no more than twice in any five year period, or three times during the employee's career in the Fire Department. An employee who tests positive after his/her right to utilize the Employee Assistance Program has expired under this subsection may be disciplined under the "just cause" provision of the Collective Bargaining Agreement. The Township in its sole discretion, may permit an employee to avail him/herself of the Employee Assistance Program more frequently than provided in this subsection.

#### **VIII. GRIEVANCE PROCEDURE:**

All actions and decisions made pursuant to this Alcohol and Drug Policy shall further be subjected to a "just cause" standard, and to the parties' grievance and arbitration procedure.

#### **IX. EFFECTIVE DATE - NOTICE TO EMPLOYEES - OTHER LAWS:**

- A. The policies set forth in this policy guide are effective immediately upon notice to employees. Each present employee will be furnished a copy of this policy and will sign a receipt for same. Employees hired in future will be furnished a copy before being hired.
- B. These policies will be implemented in a manner that will comply with all applicable federal and state laws.

#### **X. UNION HELD HARMLESS:**

This drug testing program is solely initiated at the behest of the Township. The Township shall be solely liable for any legal obligations, costs, and attorneys' fees arising out of the provisions and/or application of this Agreement relating to drug testing. The Union and its members shall be held harmless for the violation of any laws, regulations, or worker rights arising from the creation, implementation, or administration of this drug testing program. Said indemnification shall take the form of defense and payment of any judgments, settlements, costs, or attorneys' fees.

WHEREAS, the Charter Township of Waterford (hereinafter "Township") and the Waterford Township Fire Fighters Ass'n, IAFF Local 1335 (hereinafter "Union") have agreed that the employees hired on or after January 1, 2012 shall be covered by a Defined Contribution retirement plan, and not be participants in the Act 345 Defined Benefit (hereinafter "DB") pension system; and

1) The Act 345 DB pension plan and benefits as they currently exist by statute and by the terms of the parties' 2007-2012 collective bargaining agreement shall in all respects be maintained, without change of any kind, until the last bargaining unit member covered by said DB pension plan has retired or otherwise terminated employment, with the sole exception of composition of the pension plan's retirement board.

2) Neither the Township nor the Union shall make any proposals to modify in any way the Act 345 DB pension plan and benefits as they currently exist by statute and by the terms of the parties' 2007-2012 collective bargaining agreement in negotiations, mediation, or Act 312 arbitration, with the sole exception of composition of the pension plan's retirement board.

3) Neither the Township nor the Union shall challenge the enforceability of this Letter of Agreement, and the Township and the Union further agree that this Letter of Agreement is enforceable in all forums, including but not limited to grievance arbitration, Act 312 arbitration, MERC, and the Courts.

4) This Letter of Agreement shall remain in full force and effect until the last bargaining unit member covered by said DB pension plan has retired or otherwise terminated employment with the Township of Waterford.

### Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten or any other plan documents your group uses, if your group is self-funded. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

**Specialty Pharmaceutical Drugs** - The mail order pharmacy for specialty drugs is Walgreens Specialty Pharmacy, LLC, an independent company. Specialty prescription drugs (such as Enbrel® and Humira®) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. Walgreens Specialty Pharmacy will handle mail order prescriptions only for specialty drugs while many in-network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to Express Scripts. (Express Scripts is an independent company providing pharmacy benefit services for Blue members.) A list of specialty drugs is available on our Web site at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy). If you have any questions, please call Walgreens Specialty Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the initial quantity of select specialty drugs. Your copay will be reduced by one-half for this initial fill (15 days).

### Member's responsibility (copays and coinsurance amounts)

### Features of your prescription drug plan

Custom Drug List	<p>A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.</p> <ul style="list-style-type: none"> <li>• Tier 1 (generic) - Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay/coinsurance, making them the most cost-effective option for the treatment.</li> <li>• Tier 2 (preferred brand) - Tier 2 includes brand-name drugs from the Custom Drug List. Preferred brand name drugs are also safe and effective, but require a higher copay/coinsurance.</li> <li>• Tier 3 (nonpreferred brand) - Tier 3 contains brand-name drugs not included in Tier 2. These drugs may not have a proven record for safety or as high of a clinical value as Tier 1 or Tier 2 drugs. Members pay the highest copay/coinsurance for these drugs.</li> </ul>
Prior authorization/step therapy	<p>A process that requires a physician to obtain approval from BCBSM before select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. Step therapy, an initial step in the "Prior Authorization" process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online at <a href="http://bcbsm.com/pharmacy">bcbsm.com/pharmacy</a>.</p>
Drug Interchange and generic copay/coinsurance waiver	<p>BCBSM's drug interchange and generic copay/coinsurance waiver programs encourage physicians to prescribe a less-costly generic equivalent.</p> <p>If your physician rewrites your prescription for the recommended generic or OTC alternate drug, you will only have to pay a generic copay/coinsurance. In select cases BCBSM may waive the initial copay/coinsurance after your prescription has been rewritten. BCBSM will notify you if you are eligible for a waiver.</p>
Mandatory maximum allowable cost drugs	<p>If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you MUST pay the difference in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug <i>plus</i> your applicable copay regardless of whether you or your physician requests the brand name drug. Exception: If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order. You pay only your applicable copay. Note: This MAC difference will not be applied toward your annual in-network deductible, nor your annual coinsurance/copay maximum.</p>
Quantity limits	<p>To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.</p>

Blue Cross Blue Shield of Michigan is a nonprofit corporation and independent licensee of the Blue Cross and Blue Shield Association.

Services from a provider for which there is no Michigan PPO network and services from an out-of-network provider in a geographic area of Michigan deemed a "low access area" by BCBSM for that particular provider specialty are covered at the in-network benefit level. Cost-sharing may differ when you obtain covered services outside of Michigan. If you receive care from a nonparticipating provider, even when referred, you may be billed for the difference between our approved amount and the provider's charge.

## Simply Blue HSA with Prescription Drugs

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. For a complete description of benefits please see the applicable BCBSM certificates and riders. If your group is underwritten or any other plan documents your group uses, if your group is self-funded. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

**Specialty Pharmaceutical Drugs** - The mail order pharmacy for specialty drugs is Walgreens Specialty Pharmacy, LLC, an independent company. Specialty prescription drugs (such as Enbrel® and Humira®) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. Walgreens Specialty Pharmacy will handle mail order prescriptions only for specialty drugs while many in-network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to Express Scripts. (Express Scripts is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy). If you have any questions, please call Walgreens Specialty Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay/coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

**Select Controlled Substance Drugs** - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy).

## Features of your prescription drug plan

### Custom Drug List

A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.

- **Tier 1 (generic)** - Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay/coinsurance, making them the most cost-effective option for the treatment.
- **Tier 2 (preferred brand)** - Tier 2 includes brand-name drugs from the Custom Drug List. Preferred brand name drugs are also safe and effective, but require a higher copay/coinsurance.
- **Tier 3 (nonpreferred brand)** - Tier 3 contains brand-name drugs not included in Tier 2. These drugs may not have a proven record for safety or as high of a clinical value as Tier 1 or Tier 2 drugs. Members pay the highest copay/coinsurance for these drugs.

### Prior authorization/step therapy

A process that requires a physician to obtain approval from BCBSM before select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. Step Therapy, an initial step in the "Prior Authorization" process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online site at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy).

### Drug Interchange and generic copay/ coinsurance waiver

BCBSM's drug Interchange and generic copay/ coinsurance waiver programs encourage physicians to prescribe a less-costly generic equivalent.

If your physician rewrites your prescription for the recommended generic or OTC alternate drug, you will only have to pay a generic copay/ coinsurance. In select cases BCBSM may waive the initial copay/ coinsurance after your prescription HSA been rewritten. BCBSM will notify you if you are eligible for a waiver.

### Mandatory maximum allowable cost drugs

If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you **MUST** pay the difference in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug *plus* your applicable copay regardless of whether you or your physician requests the brand name drug. Exception: If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, You pay only your applicable copay. Note: This MAC difference will not be applied toward your annual in-network deductible, nor your annual coinsurance/copay maximum.

### Quantity limits

To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.
