

Don't Guess...Soil Test: Soil Testing Service for the Public

A soil test is the best way to learn about the needs of your lawn or garden. A soil test will tell you the nutrient levels already in your soil—the first step in knowing how much, if any, fertilizer your plants need and what type to use. Over application of fertilizers will pollute water resources, harm plants, and waste money. So, Don't Guess...Soil Test!

For soil testing throughout the year contact your county MSU Extension:

Livingston County

(517) 546-3950

Macomb County

(586) 469-5180

Monroe County

(734) 240-3170

Oakland County

(248) 858-0902

St. Clair County

(810) 989-6935

Washtenaw County

(734) 997-1678

Wayne County

(313) 833-3412
