The State of Michigan has voter approved laws involving the sale and use of marijuana for personal/recreational consumption.

However, Federal law continues to view marijuana as a controlled substance and the various uses of this substance to be criminal acts. This dichotomy creates governmental conflict. This Township has elected to refrain from engaging in this situation until a universal determination has been achieved.

The Township has a zero tolerance policy with regard to the use of marijuana. This policy remains in force and effect. Violations will be addressed in a manner consistent with this policy and all other policies.
