

RECYCLING

Educational Presentation

MARCH 11, 2020 @ 6PM

WATERFORD TOWNSHIP HALL

5200 Civic Center Dr.

No Registration Required—Open to the Public

Presented by:

This presentation focuses on sustainability, composting, career opportunities related to the field, what can be placed in curb side recycling carts, the single stream process and where we stand — the good and the obstacles — in our recycling efforts not only in the state but also as a country.
