**Subject:** Re: Medical Marijuana Ordinance

Hello Kim,

Thank you for your quick response regarding my ordinance question. However, I do have a follow up question. I understand that all complete applications must be sent to and approved by various departments in Waterford Township prior to being placed on the Board Meeting agenda for approval or denial. I also understand the application process per your responses on 12/1/2020, 12/2/2020, 12/14/2020, 12/21/2020, and 12/28/2020.

However, my question is as follows: what is the absolute last date that a complete application can be submitted to Waterford Township so that it will have time to be sent to, and approved by, all the various departments so that the application will be placed on the same Board meeting as applications filed on January 4, 2021, that have also gone through the same process?

Thank you,

David Rudo

## **TOWNSHIP RESPONSE**

Just as the date of the Township Board meeting at which administratively complete applications filed on January 4, 2021, will be considered is not known, the last date you are asking for is also unknown at this time.
