**To:** "Markee, Kimberly" <[kmarkee@waterfordmi.gov](mailto:kmarkee@waterfordmi.gov)>  
**Subject:** Provisioning centers in Waterford date

I would like to know if the extension of the 45 days is for new applicants, or applicants that have already produced their application. Is it too late for a new applicant to now apply or do they have an extension as well? Also if it is too late to apply when was the cut off date?

## TOWNSHIP RESPONSES

The question on the extension of 45 days is believed to be referring to the Township Board of Trustees March 8, 2021, Resolution Extending Medical Marihuana Facility License Application Review Time that is on the Medical Marihuana Facility Licensing page under Business on the Township website: [www.waterfordmi.gov](http://www.waterfordmi.gov). That Resolution extended the time for Township personnel reports on administratively complete Applications distributed by the Township Clerk on and after January 25, 2021. It did not address when Applications may be filed.

Regarding the time for filing Applications, please see the following Medical Marihuana Questions and Answers on the Medical Marihuana Facility Licensing page under Business on the Township website: [www.waterfordmi.gov](http://www.waterfordmi.gov).
